

Corvair engine/ powerglide/ rear axle - \$400 (St Cloud)

<https://minneapolis.craigslist.org/csw/pts/5389201403.html>

not sure of year because it's in a drivable fish house a guy built years ago, according to guy who built it, has less than 12 hrs since rebuild, but sat for years, does turn over, haven't got it started cause carbs are flooding, see pics, 612 309-1405, make offer, they welded 8 bolt wheels onto the chevy wheels, so drums etc are still original, will consider all reasonable offers
