DACC By laws change Vote at June Meeting

The Board of Directors has decided to put to a vote of the members present at the June general meeting in Waterford a change to our by-laws. Currently the by-laws state that you have to be a member of the parent club, CORSA in order to belong to DACC. Yes, it says that and no, we have not enforced it. Your BoD figures if CORSA isn't going to require all DACC members to belong to them then we shouldn't require CORSA membership to belong to DACC. The way the rules are written right now CORSA charges each chapter a flat \$35 annual fee.

VOTE - CONTINUED ON PG 2

Additional June Corvaire Activities

There are plenty of opportunities to enjoy your Corvaire hobby in June.

First is our **monthly meeting** at the Waterford Elks on Monday the 6th. Hopefully we'll have some pretty Corvaires all lined up in a row. Bring yours and join the fun!

Next up we have a special chance to join the **Back to the Bricks** Promo Tour as they cruise to Depot Town in Ypsilanti on Friday night, June 10th from 5 to 8 PM the place will be packed with Promo Tourers. We have been invited by the **Back to the Bricks** organization to join the festivities so bring a Corvaire and be part of it.

Speaking of the **Back to the Bricks** Promo Tour, the next day we have another chance opportunity to join them as they tour to the **Stahl Museum** in Chesterfield, MI. We will have our 2nd Saturday Breakfast Club Meeting on June 11th at the Rams Horn Restaurant at the corner of Utica Road and Masonic in Fraser. After eating we can have a brief Board of Directors meeting and then head up the road to meet the tour group at the museum.

For even more Corvaire fun in the month of June the very next day, June 12th will be the **DACC West Block Party** at Eva's back yard in Ypsi. I am sure there will be more info elsewhere in this newsletter with details of that event.

The next weekend there is a very nice show for **All Air-Cooled** vehicles at the Gilmore Museum grounds in Hickory Corners. The date is Saturday, June 18th. Entry fee is \$10 per car. The Gilmore is only about 120 miles from Detroit so we should be able to gather up at least a few hardy members to make the drive and enjoy the day. Consider it a tune-up for the caravan to Springfield, Illinois for the National Convention in July. **ACTIVITIES CONTINUED ON PG 4**

May Board Minutes

May 14, 2016

Wow! We had a full board present. This was the 1st time since I have been secretary that we have had the full board.

The board agreed it would be great to fill the position of Service and Parts Director again. We need to stay in tuned to what is out there for sale or available. The role would also be to keep things updated for the AirCooler of the swap and sale items.

Clark said he has been sending out the renewals for members in regards to dues owed.

We received a very nice check from the Mad Anthony group of \$300.60. The group has disbanded and they wanted to donate to our group some monies left in their treasury.

Pete Koehler is going to contact Corsa and get a copy of the insurance policy that covers us for our events and outings. It is important to know for sure what is covered and what isn't.

We also need to find out if there is a regulation that with our 501c3 status in regards to how much money our group can have year to year in the treasury. We are aware that we can keep some money to help maintain the expenses for Homecoming. Pete Koehler and Casey Schesky will be finding out the required information.

John O'Leary had requested a check of \$125 for 5 spots for the Woodward dream cruise. The 5 spots are available for sale to any of the club members for \$25 dollars each. The board approved the amount.

There was a discussion of whether or not to remove from the by-laws that to be a member of DACC you must be a member of Corsa. Pete Koehler is going to write a complete article about this.

We have found a 5x8 trailer for \$1800 single axle. But after further discussion it has been

determined that it might not be big enough. Ken Pepke and others indicated how much additional it would be great to keep in the trailer for Homecoming. So we are going to do more research to see what other sizes are available.

The board gave approval to spend up to \$2500 for a trailer. Ian Smith will find out what is available.

Ken Pepke is going to find a refrigerator to replace the one we have been borrowing from Tim Bramble all these years. The board has approved the amount of up to \$750 for a new refrigerator.

The meeting ended at 11:25

Lori Komora ~ Secretary

May Meeting Notes

You can tell the weather is getting better, at least some days! We had 45 people and 5 Corvairs make it to the meeting. We had 1 new member attend his first meeting with us welcome Andy Gross he has a '66' Corsa Convertible, and Harry Thomas came to visit he has a total of 11 cars and 1 is a Corvair!

Clark updated us with membership people have been paying we have 4 still owe and we have 137 paid members.

Mike Jacobi stated that the 3-day car show at Gibraltar Trade Center made \$9800.00 and the money goes to the Veterans food bank.

Ken Pepke is back from Florida and stated that the Aircooler had a couple of glitches and they are being worked out.

John O'Leary is also back from Florida and he will be having a list of events in the Aircooler.

Sloan Car Show had asked if possible to get a stock Corvair from each year built to have on display at the Applewood Museum the 25th 26th of June. Pete Cimbala is working on that and if you are interesting please contact Pete.

The movie for Homecoming this year will be "Mad Mad Mad World".

The Mad Anthony Convention convoy will be leaving the Ypsilanti Museum 6:00 am Saturday June 4th. Sad to report that prayers are needed for Ross Newton from our lovely

Canadian group is going to be having open heart surgery. Well wishes from all and a speedy recovery.

Our 50/50 brought in \$126 and \$63 goes to Bill Johnson. The attendance drawing went to Casey Schesky **Lori Komora ~ Secretary**

VOTE CONT. FROM PG 1

There are always two sides to each argument. We do get the benefit of CORSA's insurance for our events such as the Homecoming. We couldn't buy that coverage for \$35. My personal belief is that if you are a true Corvair enthusiast then you would understand the value of having a unified National organization to support our favorite hobby car. I also don't think it is the best idea to force membership in one organization to belong to the other. It's your hobby. It's your money. It's your vote.

Come to the meeting on June 6th and cast your vote. I hope this doesn't turn into a huge CORSA Anti-CORSA argument. You are entitled to your opinion. All we as a Board are trying to do is to better align our by-laws with our common practices. I see no downside to the change. But I do support CORSA and am a Life member. What do you think?

PETE K, PRESIDENT

Sloan Summer Fair June 25-26

If you plan on attending this event and can be a part of the Corvair display at Applewood please let me know soon so we know who is going to be there each day. There will be special signs made and arrangements are being worked on for a possible lunch for those involved. Tim Bramble has found a "new" grill for us to cook the hot dogs on this year at the Sunday cookout. Bring a lawn chair and a dish to pass for the just after 12 o'clock noon event on the show field where the Corvairs will be parked just inside the main gate. Hot dogs, pop, water and fixins will be provided.

Would You Like to be the New DACC Service Director?

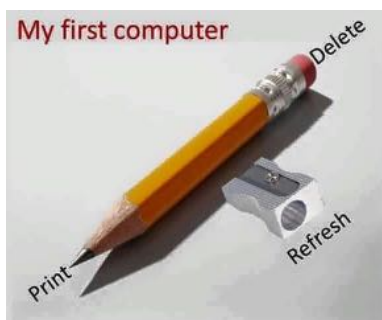

Your Board of Directors has decided to see if there is interest in re-establishing the position of Service Director on our Board. The position is still listed in our current by-laws, but it has been vacant for many, many years.

What we see as the responsibilities of the Service Director would be to gather as much info about repair shops and/or sources of parts for our Corvairs as possible. This might entail keeping an eye on the internet for special sales by vendors or even auctions with Corvair cars or parts that club members might want to attend.

Another duty that we would like to add would be for this person to keep an eye on the classified ads in the Aircooler. The Service Director would periodically call to check if the car or part was still for sale or if we should drop the ad.

The Service Director would be expected to attend regular monthly meetings and any scheduled Board meetings. This would be a voting position so this person would help guide the club in future endeavors. We will talk about this at the June meeting in Waterford. If you have any interest or know of someone that you think may be well suited for this role please make your thoughts known!

PETE K, PRESIDENT

Changes at the Caveman Garage

So here it is Corvair Driving Season and I didn't get all of my projects completed before the nice weather arrived. What's that you say? Where is the "nice weather"? This is Michigan. Just wait a day and it will change! I did make some changes at the Caveman Garage recently. The biggest change was the sell-off of several of my prized 1960 Corvairs. In total five of them left the nest. One of them, Stubby, went all the way out to the West Coast! Some were "sold" and then "un-sold". I think there were at least three "buyers" who said they wanted "Skirts" and then disappeared. That's okay. I really wanted to keep Skirts anyway.

One advantage to this sell-down is that I was able to clear out all of my cars that were stored in the rented barn in Swartz Creek. Now Jeff Shreve can have the entire main floor for his Corvair collection. And I save a few bucks on rental costs.

Of course I can't be left alone with the Craigslist ads. Since selling the '60's I have bought a few more Corvairs. One was a 1963 Monza coupe that I have owned a few times before. They say the third time is the charm, so perhaps this time my ownership will "stick"? Also bought a 1966 Monza coupe that had sat in a dry garage just north of Flint for 37 years. The engine was torn apart and the PO didn't know how to put it back together again so there it sat. Now the engine is only good as a boat anchor. And I don't have a boat. A new engine has been located so I see a Tech Session in the future.

The most recent purchase was another 1963 Monza coupe. This one had the benefit of a Ken Hand rebuild just a few years ago. Unfortunately the PO let the engine overheat and now it doesn't have compression on three cylinders. Ian Smith has donated the sick engine out of his '63 Monza coupe so maybe I have enough good parts

to make one good engine? Or, is it true that two wrongs don't make a right? Time will tell with another Tech Session on the horizon.

The Caveman Garage should be active for the entire Corvair Driving Season. Then I can hibernate over the Winter and report back next Spring that I didn't get all of my projects completed. Like I just did here!

CAVEMAN PETE K

THE FINE PRINT

At the most recent DACC Board of Directors meeting a topic was brought up that affects every member of the club; our Corporate Tax Status. Opinions were shared as to what we were required to do to maintain our tax status. One comment was that we must zero out our treasury annually. As we have never zeroed our treasury since 1974 perhaps we should look into this?

DACC is not-for-profit organization under the Federal IRS Regulations. The rules and regulations are found in the tax laws in chapter 501. We are, or at least we think we are a 501.c3 organization. That means we don't have to submit a tax return yearly to the IRS. All we do currently is make an annual report to the State of Michigan with a nominal filing fee. As long as we follow the rules set out by the Feds we should be okay. I couldn't find any reference to a requirement that we "have too much money" in the treasury or that we have to "zero it out" every year. But, I'm not a tax attorney. I'm not an anything attorney. I would like to assure the BoD and the general membership that we are doing the right thing and that we will be allowed to continue as a social club with a tax advantage.

It was decided at the Board meeting that I would work with our Treasurer (Casey) to find out what the real story is and report back to the Board. Our goal is not to change our tax status. Perhaps it is just to learn what we have and what we should do to keep it. Sounds like a good idea to me! **PETE K, PRESIDENT**

CORVAIR BLOCK PARTY YPSILANTI – JUNE 12

All members of DACC and their guest(s) are invited to attend the “YPSILANTI CORVAIR BLOCK PARTY” at the homes of Corvaire Lady (Eva) and Jay Nugent on Sunday, June 12 starting at 2:00pm. Just bring your Corvaire and a lawn chair; there will be plenty of parking space. This will be a wonderful way to have the club meet our west side members. Food will be provided including pizza, various soft drinks (including root beer from the famous Bill's hot dog stand), and desserts. There will be contest games and a raffle (including an autographed item related to Willow Run). We may have a surprise guest appear at this event. If it rains, just go to the Ypsi. Auto Museum for our regular DACC-West activity meeting. Rain date will be Sunday, July 10th. A map is provided within this newsletter. Maps will also be available at the Ypsi. Auto Museum. For GPS directions, use the address of 1316 Oak St., Ypsilanti, MI 48198. Easy directions: If you're coming from I-94 (going west), exit at #183 “Downtown Ypsi./Huron” and turn right on Huron St. (going north). If coming from I-94 (going east), exit at #183 and turn left on Huron St. Take Huron St. to Michigan Ave. and turn right (going east). Continue on Michigan until you reach Harris Rd. (there will be light and you'll see a Speedway gas station & CVS). Turn Left on Harris Rd. (going north--only way you can go) and go down two side streets. Turn Left on Oak St. (going west--only way you can go). Go down one block to Miami Ave. Party begins at the corner of Miami & Oak and goes down the block on Oak towards Mohawk. You can't miss us...just follow the trail of Corvairs. We ask all water pumpers to park separate from the Corvairs. **Corvaire Lady**

DACC HOMECOMING UPDATE

As of May 12th, we have 72 booked reservations at the Comfort Inn which leaves us with around 36 rooms still available. We're filling up quickly; reservations can still be made by calling (734) 455-8100. Summer will be here quickly and before you know it, it's time for Homecoming (August 25-28, 2016). Get those registration forms mailed in, and don't forget to sign up for the GM Heritage tour for Friday (Aug. 26). This year, we will have the thrill of viewing the Astro I concept car. DACC President, Pete Koehler, recently wrote a very interesting article in the April *CORSA Communique* detailing the beginning roots of the rescue and restoration process of this vehicle which started with a sort of kidnapping of the car. DACC Member and retired GM designer, Stu Shuster was also involved as Pete's partner in saving the Astro I. Stu and/or Pete will be joining us at the Heritage Center to reunite with this unique vehicle; so don't forget to bring your camera to capture this moment. We are pleased that Rockin Ronnie will be returning as our magical DJ spinning those oldies for us to listen and dance to on Friday and Saturday. Ladies will be pleased to know that the Mary Kay representative will be returning and have all her skin care and make up goodies for you to sample and purchase on Friday and Saturday from 11am-5pm. Sandra (Mary Kay rep.) also happens to be a registered nurse which will enable us to have the addition of a First Aid Station available on Friday/Saturday from 11am-5pm (in case of minor injuries from Corvaire repair work, or if you want to get your blood pressure checked after buying all those parts in the swap meet area). Shopping in the city of Plymouth can take place on Friday from 1pm-3pm (maps will be available at Registration). Save a little money from shopping for Saturday evening as Lori Komora will be hosting her (back by popular demand) wine and cheese tasting (\$10.00 per person with sign up at registration).

The drive-in movie for Friday

evening will be “*It's a Mad Mad Mad Mad World*”. When you watch this comedy, look for the Corvaire Rampside that is featured in a quick scene. Also, we hope you're working on your costume for the dress-up event on Saturday. It will be so cool to see a lot of people dressed in late 1950's thru 1960's wear parading around for this fun activity. While you're thinking about what costume to wear, don't forget to look around your house, shed, and garage for items to donate for the live auction that our favorite auctioneer (Marvin Granger) will gladly take bids on such as white elephant items, household, automotive, etc. We are still looking for individuals to volunteer their services to help in the Registration and Hospitality Rooms. I am also pleased to announce that the “Friends of Corvaire” of Ohio will be hosting a lunch for us again this year. Valve Cover Racing will take place on Friday (Aug. 26) from 7pm-8pm. We encourage anyone who would like to participate. Since we've had quite a few new members who have joined DACC,

Corvaire Lady (Eva)

CONTINUED NEXT MONTH

ACTIVITIES FROM PG 1

And don't forget the *Eyes on Design* show at the Edsel and Eleanor Ford Estate on Sunday, June 19th. We will be represented by Pete Cimbala and his 1963 Monza convertible. There is a fee for spectators, but the show is top notch and well worth it!

We round out the month with the *Sloan Museum Auto Fair* over the last weekend of June. Look for more details elsewhere in the Aircooler. We have purchased a better grill for Pete C to use as he flips hot dogs for us. I heard a rumor that he may have to retire the famed Vice-Grip Hot Dog Flipper as we have also purchased proper tools for handling the dogs.

Friendship Promo Tour June 10-15

I would like to invite everyone to Depot Town in Ypsi on Friday June 10th. 5-8 PM to join all the people on this years tour. But if too many locals show up there may not be enough room for everyone, an issue that could happen this year as our numbers are up and we may hit 200 cars and trucks. This is a good thing but can also be a bad thing if there are too many people, one of the things you have to think about when planning an event like this. We can say 200 in our group but you really can't tell how many locals will show up until the day of the event.

The Saturday stop will be on Huron St. in Downtown Port Huron 5-8 PM so if you live out that way stop by and check out that event. Sunday will be a little bit of a ride for most everyone to East Tawas where they will have Newman St. closed off from 5-8 PM Monday will be Downtown Grayling 5-8 PM after a tour of the National Guard Base just after lunch. Tuesday will find us on the main drag in West Branch from 5-9 PM and we will!

I have an end of the road lunch at the Birch Run Expo Center at noon on Wednesday. Follow the tour on ABC 12 News in the Flint area on the web at abc12news.com or check out the backtothebricks.org web page and Back to the Bricks Car Cruise on Facebook.
