Dennis Dorogi with the Carl Sagan Spyder

NFCC went to visit Dennis in 2013

Dennis David Dorogi, 82 years old of Brocton, New York passed away peacefully at his home Tuesday afternoon May 16, 2017 surrounded by his loving family. Dennis was born in Cleveland Ohio on February 27, 1935 to the late Joseph and Anna Fecek Dorogi and has lived in the Brocton area since 1963. He served in the Army National Guard and attended Ohio University, graduating with a Bachelors and a Masters of Fine Arts Degrees. He was a respected teacher of fine arts at Blackburn College in Carlinville, Illinois and at SUNY Fredonia in New York. For his master's thesis Dennis built a concrete play sculpture in an elementary school playground and wrote on the importance of play in children's lives. His polychrome wooden sculptures are owned in private collections and museums. Retired from teaching, he built his studio, opened a business in Brocton and became widely known as a master craftsman and luthier, building and selling hundreds of finely handcrafted mountain and hammered dulcimers and psalteries throughout the United States. As he gradually lessened this business he continued a demanding hobby of long interest, the art of restoring automobiles, especially Chevrolet Corvairs. Most recently he worked on a historic auto, a Spyder Corvair once owned by New York scientist Carl Sagan. Dennis was a founding member of the Chautauqua Crafts Alliance. He was recognized for outstanding achievement as an individual artist in Chautauqua County in 2009. He was also a member of the Niagara Frontier Corvair Club. He was well known at area classic car events and won Corvair Society of America concours senior division status and the prestigious Van Bortel Cup Award. The Smithsonian Air Museum owns his model of the 1900 Wright brothers rope-towed glider. This model was used in the exhibit "The History of Human Flight".

Dennis is survived by his wife Ruth whom he met and married in Athens Ohio in May of 1961. They were married for 56 years and lived in Brocton for most of those years. He is also survived by sons Mark Dorogi (Kathy Sommers), of Ann Arbor, Michigan, parents of Zoe and Ariel Dorogi, Andrew (Florence) Tsang-Dorogi of Lancaster and Queens New York, Mike (DeAnn) Dorogi of Newark, Ohio, parents of Owen Dorogi; Matt Dorogi (Irina Hentea) of Marlborough, Massachusetts, parents of Natalia and Kaya Dorogi; and daughter Sara Dorogi of Dunkirk, New York, he is also survived by brother Joseph Dorogi and sister Kathleen Neumann, both of Cleveland. A Memorial Service will be planned for a later date and at the convenience of Dennis's family.

Topics discussed

Membership / Treasurer's Report

Bob Guerin read the balance in our NFCC account.

Old Business

- 1) The minutes were approved from the last meeting.

New Business

- 1) Our meeting started with a sad note. Our long time friend and very creative member – Dennis Dorogi passed away early in May. As of the date of our meeting final funeral plans were not known and would be posted later. The prospect of sending a floral arrangement or other use of a \$50.00

donation was discussed, voted upon and approved.

- 2) John Dawley proposed we have another “road trip” this summer. Since the last two were in the Northtowns it was suggested our next one to be in the Southtowns area. Gary and Pat Murphy suggested this to be with a Show on Aug 13th in Eden / North Collins. Dick Dahmer advised this show event could be combined with seeing a private collection in the Gowanda area. More info. will be provided at a later time.

Adjournment

Our meeting was adjourned at 8:00

Have a good month and I am looking forward to seeing you at our first outdoor meeting of the year in June.

Here is an interesting article I ran across through Virtual Vairs

What could our FC’s have looked like if a different design was used?

<http://tylerlinner1.kinja.com/design-history-1961-65-chevrolet-corvair-greenbrier-1786876388>

It intrigues me that this particular design study used a single rear door. Where have I seen that before?

Ben Wild is a volunteer at the Central Terminal, he got some great shots inside!

Dunkirk Swap Meet

Dick Matson had a project for sale at Dunkirk, did it sell?

A few members brought out their cruisers for the May meeting at the Church!

Saw this baby for sale at Dunkirk, \$4500 with Corvair 140 motor, and wheelie bars!

At Dunkirk, what a steal!

Pat Murphy sent me a bunch of pictures from an early season car show out of state, will have to wait until next month, had a lot to use this month!

Spotted for sale at Wilson Cruise and Swap Meet

4-door \$1700, Coupe just \$1000
