

CHAPTER 990 of

REAR ENGINE REVIEW JULY/AUGUST 2017

Inland Northwest Corvair Club
P. O. Box 9689
Spokane, WA 99209-9689

Corvairs at Craig's, following the Car d 'Lane car show a few years ago!

This issue is dedicated to my late cousin Don Willette of Tacoma, who recently left this world. He was a "car guy" from way back when.

The **Rear Engine Review** is a monthly publication of the **INLAND NORTHWEST CORVAIR CLUB**, chapter 990 of the CORVAIR SOCIETY OF AMERICA (CORSA). Letters, articles, experiences, technical information, humor, and recipes are welcome. Please submit your material to:

Inland Northwest Corvair Club

P. O. Box 9689

Spokane, WA, 99209-9689, or

e-mail the club at corvairclub@comcast.net, or the editor at daveeva@comcast.net.

The Rear Engine Review uses material from many sources and may not give appropriate credit. If your material appears without acknowledgement, we thank you for your contribution. It was used in good faith to help preserve, maintain, drive, and enjoy our CORVAIRS!

Visit us at our new web-site

<http://www.corvairclub.com>

All material must be submitted by the twenty-fifth of the current month for inclusion in next month's issue.

The INLAND NORTHWEST CORVAIR CLUB welcomes past, present, and future CORVAIR owners, as well as those who are simply curious about these unique vehicles. We welcome CORVAIRS of every degree of restoration or modification, including other vehicles utilizing CORVAIR components. **CORVAIR ownership is not required!** Club events, dates, times, and locations are published as soon as practical in the **Rear Engine Review**, or on the **club web-site**.

The **Inland Northwest Corvair Club** welcomes private party ads for any reasonable item or items that are for sale or wanted. Corvair and automotive related ads will be given the highest priority, followed by those of a more general nature.

We also welcome commercial advertisements from those supportive of this club, Corvairs, and the automotive hobby. Corvair and other automotive products and services will be given the highest priority, followed by those of a more varied and general nature.

THE EDITOR'S DESK

By Dave McChesney

Yes, this is the real thing... your editor's desk!

I held off on publishing a July issue, hoping for some input from fellow Inland Northwest Club members. Deciding to combine issues for July and August, I was set to finish it up when I was asked to hold off for a day or two while information about a couple of events was finalized. At long last, here is the latest edition of the Rear Engine Review.

In order to produce the newsletter, I need input, articles, stories, pictures, or ideas. If I have even the most basic things to work with, I can embellish or edit, as needed. But I need something to start with. If I get to a club event, I gather a lot of information and material myself. If I do not attend, I hope upon other club members will provide the needed material.

Moving forward, I should make it to more events than I have of late. I retired from the Spokane Club on Friday, July 28th. Our events generally did not conflict with my working hours, but they sometimes impacted sleep and rest times to the point I opted not to attend.

So, if you have news of a recent event, or have a Corvair story you'd like to share, send it along, and I'll get it in the next REAR ENGINE REVIEW. Pictures of events or of your Corvair are welcome too. Jpeg format is best, but I can work with anything. **(Articles or columns from club officers are especially welcome... hint! hint!)**

REAR ENGINE REVIEW

For those with businesses, why not advertise in the **Rear Engine Review** for \$20 a year. Corvair and other automotive related businesses are preferred but not required.

CLUB BUSINESS CARDS

Contact INLAND NORTHWEST CORVAIR CLUB Web-master Dave Fender for business cards with the new club logo on them. They have a place where you can add your contact information. I'd suggest getting some of the extra small return address labels and printing your contact info on those. I think they are small enough to fit in the area provided.

The front of the card looks like this.

TREASURER'S REPORT

Submitted by Dave McChesney

Since last reporting our financial status, we gained an additional \$15.00 in dues and another 22¢ in dividends. We reimbursed our hosts for the Barbeque following the Car d'Lane Car Show \$88.06 to cover their expenses. We also sent \$35.00 to CORSA for the Annual Chapter Fee. After transferring \$100.00 from Savings to Checking, our balances now stand at: \$1166.96 in Savings, \$106.89 in Checking, while our total worth is \$1273.85.

Many members are behind with their dues. INCC membership is \$15.00 per year. CORSA members get a \$2.00 discount and pay \$13.00. *If unsure of membership status, or you no longer wish to be an INCC member, please contact club treasurer to determine your status or submit your resignation.*

Payment extends your membership one year from the current date of expiration or from the date payment is received, a very special deal for those who are seriously overdue. If you cannot pay your dues in person, please send a check or money order to the club's mailing address at:

**Inland Northwest Corvair Club
P. O. Box 9689
Spokane, WA 99209-9689**

The club's Post Office Box is checked weekly and any funds received are deposited the following week.

IT'S NEVER TOO LATE!

If you have pictures or other information about Corvair or automotive events from the past, feel free to forward to your Rear Engine Review editor. He will do his utmost to include them, regardless of how long ago the activity occurred.

ADMISSIONS to be PAID by INCC

There is no reason not to hop in your Corvair and come on out and see Spokane's latest. Afterwards we'll cruise somewhere for a bite to eat and a chance to show off our **Corvairs!**

TOUR GUIDE: JOHN VUJOVICH
**Museum Docent and fellow Inland
Northwest Corvair Club Member**

Let's explore just some of the contributions the Inland Northwest has made to our history.

RSVP: johnvujovich@yahoo.com
by 19 August please!

Opened in the fall of 2016, the museum houses some of the world's rarest exhibits...

THE ONLY FLYABLE BOEING 40C

Boeing first successful commercial airliner and basis of today's passenger planes and airlines.

A replica World War I era
SOPWITH PUP

painstakingly recreated to higher standards than those produced at the actual Sopwith factory.

Felts Field is the third oldest continuously operating airport in the US, and once hosted Charles Lindbergh and the Spirit of St. Louis.

COMING IN SEPTEMBER!

Mark your calendars for **September 9th**! We are currently working out details for an event in Airway Heights on that day. As can best be determined, it involves an open house event in conjunction with the Dukes and Friends Nostalgia Drag Races at Spokane County Raceway. More precise details will be promulgated as they become available.

PALOUSE DAYS SHOW AND SHINE

If anyone is interested in attending/participating in this event, an entry form/flyer is included with this issue of the Rear Engine Review.

CRUISE NIGHTS 2017

If you plan on going to any of these, contact your fellow club members and invite them to go as well. Again, please send along any pictures or written descriptions for inclusion in future issues of our newsletter.

LOTS & LOTS OF CORVAIR PARTS!

Your editor recently received an e-mail from a gentleman in Florida. He has an extensive collection of Corvair parts and is looking to sell them. He enclosed (attached) a letter and a five page inventory. Unfortunately the documents appear to be cell (or smart) phone photos of the pages. As such it is difficult to manipulate them to the point they would fit into the format of the newsletter. I'm including the letter here and will add amplifying information. I can email the photos to you, if you would like. (I'm at daveeva@comcast.net)

Enclosed is a multi-page inventory of Corvair parts - primarily for 1965-1969 Coupe models that I am selling.

Clark's Corvair Parts, Inc. catalog online was used as a reference source to determine part number, description, and current value. Since many of the items in this inventory are no longer stocked by Clark's as a new part (C), some have been replaced by used parts when available (CU), or substituted with NCS similar equivalents (CX), an exact comparison between my used parts and the similar part they were offering was sometimes difficult. In most cases, my parts have been priced at approximately 50 percent of Clark's and, in the absence of Clark's pricing and in an effort to fairly value this collection of parts, I occasionally assigned a value to parts based on my opinion of their condition and fair market values.

In addition to these parts, I am also reluctantly selling my 1965 Mediera Maroon Coupe that was originally owned by my mother as a 500 automatic. Years ago, I converted it to a 140 4-speed and changed out the original Fawn/Beige bench seat interior with the black interior of a '67 Monza. I am the second owner of this car and can attest that it has not been in an accident but it is in need of work. It is a sound project car. Pictures will be provided upon request.

While I would welcome the opportunity to sell this inventory on a piecemeal basis, I would like to disband with these parts as a lot, if possible. If you are interested, or know of anybody who is interested, please contact me on my cell at (352)-586-4753 or email me at rjpwly1972@aol.com. I am currently living in Florida and, for the right price, would be willing to meet with the buyer to exchange the inventory within a 150 mile radius of my home. Beyond this distance or for individual parts requests, shipments will be made plus freight charges.

I also have a starter, crankshaft, carb cross shafts, original dashboard radio speakers, door locks, nuts & bolts, hardware, etc. that I have yet to price and inventory. But they are available for sale. Almost all parts are clean and some have been media blasted and repainted. These parts were removed from cars during the '70s and have been stored since then. If you can't find what you need on the inventory, please call or email me. Pictures can be emailed or sent as a text, on request.

It is my hope that putting each of these individual items to use again will continue to perpetuate the life of the Chevrolet Corvair for today's hobbyist. Please forward this letter, inventory, and my name and phone number to others who may be interested.

Sincerely,

Bob Pawley
Fino Ridge, FL

Bob Pawley's number: (352) 586-4753
His e-mail: rjpwly1972@aol.com

I believe he'd prefer to sell the parts as a single package deal. He also has a 1965 coupe for sale. Originally an automatic 500 model, it has been modified to a 140 h. p. 4 speed and has interior upgrades. He says it's a "sound project car."

Here is a random selection of the inventory pages. They are included here merely to give you an idea of what this gentleman sent. Again, I can e-mail any and all pages to you, or you can contact Bob Pawley directly.
