Annual Dues of \$25 for the CNYCC were due as of May 1st. Please submit to Kevin Fear, Treasurer, PO Box 626, Jamesville, N.Y. 13078 Thanks!

THE PREZ SEZ

The Recall for 2018 is almost upon us, pray for nice weather. Were hoping for a larger turn out than we had last year.

I know Dave is working hard as Recall Chairman, along with his Recall Committee, they are doing another great job again for this year.

The 2018 Springfest held in Helen GA was another great success. Great turnout, lots of Corvairs, super weather and great food. I am looking forward to next years show, each year seems to be bigger and better. We also had 5

members of our CNYCC in attendance, Lenny and Sherry Smith, Rick Gafney, and the Prez himself and wife Martha, we also had a great time.

Our get together to attend the car museum in Norwich NY was a very enjoyable event. We also had a very nice Brunch at Fred,s on Rt. 12, plenty to eat. I believe that the low attendance can be blamed on the poor weather conditions, cold and rainy. Thank you to Rita and Tim for all of their preparations made for this trip.

As a reminder again, Recall Weekend will be here in a couple of weeks, get your hotel reservations in, get your Show registrations in, get those Corvairs ready to go, and join us for an enjoyable weekend in E. Syracuse NY. Phil CNYCC

PS Don't forget to bring your used Corvaair parts for resale.

HAPPY BIRTHDAY TINA

We hope you had a wonderful birthday.

Tina has moved to her daughter's home. Anyone wanting the address to send a card please ask me and I'll give it to you. We found out the hard way the nursing home does not forward mail!

EVENT NOTICE

After yet another poorly attended event I think it's time to reconsider them. Although this tour was an easy one because we had done it before, setting up any tour takes mega hours to do only to have — if we're lucky — 6 people to attend. After holding out for at least 4 years I've come to realize there's many reasons it's just become too hard for most to attend. So what I'll do now is list the car shows that are brought to our attention and that some of the club normally attends. If there's any you want noted please be sure to send them to Tim so we can both get them listed in the Fan as well as sending the registrations forms out in a separate E mail. If at any time anyone would like to set up a club tour by all means feel free to and give us the info so we can include it in the Fan and the web site. I'll be bringing up and asking your thoughts on still having the Thanksgiving dinner as well as the after Christmas dinner.

ACTIVITIES

Business meetings will be held at Tabatha's 3160 Cold Springs Rd, Baldwinsville the first Thursday of each month. The meeting will start at 7:00 but our waitress is available at 5:00 so you can have something to eat before the meeting if you'd like. Meetings are in the side room, we order off her regular menu and will be given separate checks . Come early and enjoy a real home cooked meal!

June 8th thru 10th — Recall, Hilton Garden Hotel

July 7th — Fair Haven Bayside Cruisers car show behind the firehouse. No entry blank available yet. Will send it as soon as we see one.

July 19—22 — Right coast car show at the Fair grounds

July 23rd thru 28th — CORSA national, Pittsburgh Pa

August 4th — Port Byron car show. New location at the village park. Registration form has been sent in separate E mail .

August 12th — VW show. Info has been sent to everyone under separate E mail

September 9th — Wampsville car show

September — Jordan Fall Festival — no date given yet

November — Corvair Family Thanksgiving Dinner

December — no meeting or event

If you have any ideas please let us know. Everything is always subject to change. If there's subjects or projects you'd like covered at tech sessions, please let Tim know so we can plan that too. This all takes advance planning so please try to let us know early enough so we can make our events what you'd like.

Treasures report- Kevin stated the balance of the account was \$5,587.77 motion to accept the balance was made by Lew and seconded by Dave. Motion approved.

Old Business- Recall

Dave feels good about how everything is coming along for Recall.

Fast Trac for Autocross smaller parking lot will be available for no charge to use other than just proof of insurance which has been provided.

Dave also asked if we will be having a meeting on Thursday June 7th, 2018 before Recall. The decision was yes.

Pam stated the Hotel is all ready and set for Recall as far as the banquet.

The block of rooms has been booked all 10 rooms are now reserved in fact 11 rooms are booked. if anyone is looking for a room before May 10th please contact Pam O'Kussick, something may be able to be worked out.

Things have been worked out for the People's choice voting for this year's Recall.

Pam asked Dave about the Recall schedule and he gave that schedule for the day. Thanks Dave.

Everyone was asked how things are going and if anyone needed any help and things seem to be going well and no one seems to need any help.

Michelle will be taking over the Baskets for Door Prizes and the Raffles, Clara has stepped down. Thank you, Clara, for all your help in the past and for a job well done we will miss your help.

Doug stated things are going well with the ads for the booklet and that if anymore are received in the next few days he could squeeze them in. Thanks Doug.

Dave Shoemaker will have a reservation for a room that he will no longer be able to use for Nationals if anyone is interested in taking over that reservation.

New Business-

Tina's Birthday is May 7th Rita asked if it would be possible for Gloria to order flowers from the Club to be sent to Tina for her Birthday.

Reminder that May 20th is the Norwich Museum trip and Fred's for Lunch afterwards, everyone will meet at McDonalds at 9:00 am to car pool if anyone is interested in attending.

TIM'S TECH TIME AND RAMBLIN'S

HELLO AGAIN from the very busy little Corvair Shop in Memphis NY.

WE still ask for material for the Fan each month , knowing what the results will be

Dave and Doug stopped by a few weeks ago to help me with the heavy lifting required for the Club display trailer. Then I hooked things up in a temporary fashion. This is an early 61 motor , has 60 style manifolds ,distributor and starter on it When I removed from the car Ron was working on , it still had “test “ valve covers on it. After I got it running with better carbs , distributor etc I had a hard time with some of the lifters . I think he must have had the same trouble. After putting a new pan gasket on it , I put new oil and marvel mystery oil in it. I ran it at least an hour before trying valves again. They were quiet. I ran it at least 2 more hours on the table , playing with all settings. Sounded great .and no leaks. .so we put it on the trailer, and they left. Later that day , I put the wires back on it and started it up. That one lifter was louder than.... So I just left it running until it went quiet again. Just about every time I go out there I start it up and let it run. Now it seems to be quiet , BUT the oil pan is leaking. I was just a touch upset , so I walked away from it for now. When I get back to it , I will jack it up , drain the oil , and do it like I almost did the first time , NO gasket and a thick silicone seal , waiting a day or more before final tightening. At least it runs very good .

The CORD project continues to haunt me. Trying to install the powertrain , I found out the hard way that carburetors and starter have to come off to install it. Every inch going up in there is slow and tight! The valve covers have way less than an inch clearance from the frame. So now when I get it all the way up in there , I have to lean over the fenders and fake exhaust tubes to install the Carburetors and fuel lines. And hook wires and other fittings. After that the whole front end and torsion bars go back on . To say these cars are NO fun to work on is extremely true.

On another note , I installed some of the L E D dash bulbs in the Lakewood , and Rampy. What a difference! All our Corvairs have Spyder dashes , and the tach , speedometer , and fuel gauges were almost impossible to see at night. No problem now.

I hope to get time this year to install a new steering gear on Rampy , and maybe look at damage to the motor caused by overheating on the first long steep hill in Massachusetts 2 years ago. It runs perfect , but uses too much oil . The motor has /had new full fin .060 cylinders etc so I hope to save them. I will be making a new wire harness for back there soon also. The oil spill I had damaged all of the tape.

I have had requests for more Corvair ONLY work in the shop. Not sure how I will work it out , but I hope to do it all some how.

The memorial day show at Waterloo was a fine day , in spite of the threat of rain. The heavy rain held off until about 2PM , so by then we were tired anyways after arriving at @6:45 AM. Cars were already moving in , and the crew was setting up. We really enjoy that show. Gert stopped by for a while , and the Shoemakers were with us most of the day with the 62 Spyder coupe that is for sale. I have pictures from Waterloo 2018 elsewhere , including his Spyder for sale.

This month I have a newly rebuilt FC motor for sale. It is run ready to install. New .060 cylinder setup , heads done , new cam (304) and many other extras. The carbs are rebuilt , alternator is Hi output , and much more It is very clean and detailed. ASK me for details and price. It has been run and tuned in for @ 2 hours or more on the test bench.. It is ready to install and drive. It is set up for automatic transmission , including a good converter.

See you all at the next meeting.
