	Glacier Blue shading on the roster indicates a new vehicle since the 2017 publication of the roster
	Yellow shading indicates additional or corrected information since the 2015 publication of the roster
	Orange shading on the roster indicates a VIN in conflict. For example, X0333X is claimed to be 0333, a 500, but no pictures or documentation exist. Pictures have fully documented 0333 as a Monza Convert. It is not likely there were two 0333's, so until supporting documentation surfaces, the un-documented vehicle will be flagged.
	Red shading on the roster indicates a reported stolen vehicle
