President's Message

Submitted by
JOHN Berkheimer

We had a very nice day and tour of Clair Brothers Sound on Saturday, May 18th. Three early Corvairs and four late Corvairs showed up at Rutter's Store, Mountville exit of Route 30.

Jeff Ostroff's Corvair Wagon had a little hick-up and wasn't able to make the trip to Clair Brothers. He rode with Tom from the Mid Maryland Club. Tom joined us for another tour last year and I hope he knows he is always welcome. Mid Maryland set this tour in motion through Jeff at the Ranch. Jeff is working on a 63 Corvair Convertible for Roy Clair and will also be restoring a Corvan for him. I hope Jeff's problem was minor and he was able to get his car running and back to Fairfield on Saturday.

The tour was very interesting. Roy Clair and his brother started their business in 1966, using an early Corvair pulling a rented trailer that carried their sound equipment. They later graduated to a Corvan. They started with sound at F & M College when The Four Seasons Group had a show there and liked their sound system and that is how it all started. Now they are located in the US and other countries. When asked about how many shows they do per week, they said 120 per day. If interested in more information just Google - ClairGlobal.Com. It was good to see new members join us, Jeff Ostroff and Francis Lovett. I hope they enjoyed it. Jeff Stonesifer and daughter Abby from the Corvair Ranch were already at Clair Brothers when we got there.

I was getting a little concerned during the tour since I didn't hear anything about eating, unlike most of our tours. At the

end of the tour it was mentioned and Dave led us to the Lititz Family Restaurant, which is right next to Rock Lititz Complex.

What's Next:

June 11th - Regular Meeting - Hoss's York
June 28th - Cruise Night at the Markets of Shrewsbury - see info about meeting time and place on page 10 in "Secretary's Minutes".

July 20th - Picnic at JOHN & Joyce Berkheimer's, 403 Dart Drive, Hanover PA
Home phone: 717-632-5617, Cell phone: 717-479-2595.

We supply drinks and main course (not sure what we are having yet). Everyone brings a covered dish, you call or email to let me know what you'll be bringing but not absolutely necessary. We always seem to have a good variety of food choices. Last year Rich Heisler's granddaughter was the only one to swim. This is a family event.

I still haven't heard from Penn College about the fall tour of their restoration program. I will try to get some dates for our June meeting.

Happy Corvairing
JOHN Berkheimer
CPCC President

The Corvair Society of America
(CORSA)

"Founded in 1969 by and for those who still appreciate the Corvair automobile"

Central Pennsylvania Corvair Club strongly encourages all members to become members of the Corvair Society of America (CORSA). Anyone with a fondness of the Corvair automobile will benefit from CORSA membership. In addition, we will all benefit by maintaining a strong national presence to lobby our interests and organize our collective purposes.

PLEASE do not overlook the potential value of a CORSA membership. Try it out. Your first year will cost only \$45. If you share our enthusiasm for these superbly engineered and styled cars, why not join our Society today? Domestic dues are only \$45 for 1 year/ \$90 for 26 months (two months free!) We are sure you will find it a worthy and rewarding investment!

Visit:

<https://www.corvair.org/index.php/membership/join-register-or-renew> to register online.

Antique Automobile Registration Information

1. The 55th National Apple Harvest Festival will be upon us before you know it. We are looking forward to another great year. Please review the following guidelines for displaying your vehicle at the **2019 festival**.

Registration: This year's registration fee will be \$10.00 (\$11 if purchased online) per antique auto. This fee will cover any day or days you wish to attend the festival. Your registration includes free admission for 2 people in the car. If there are more than two people in your auto, the additional people will be charged \$5.00 per person at the gate. Please do not bring cars newer than **1980** and cars must be in show quality condition. Due to limited space, we can **only accept 250 cars per festival day**. All autos attending the display must be pre-registered. Registrations are accepted on a first come first serve basis. All **registrations must be received by September 1st** due to mailing confirmation letters. Display cars must be present on the festival grounds by 11:00 a.m. daily or they will not be admitted. Please plan for the festival traffic so you arrive at the festival by 11:00 a.m. (Worship services are held in Apple Auditorium at 10:00 a.m. each Sunday). No tents or canopies permitted in display area. Smoking is permitted in designated areas only.

2. **Directions:** You will receive a registration confirmation letter. **You must bring this confirmation letter with you every day that you attend the festival.** As you enter the festival grounds the fire police will direct you to the Antique Auto gate. After checking in with the Antique Auto staff you will be given an information packet and further direction to park your vehicle.
3. **Awards:** Awards will be presented daily at 2:45 p.m. under the Antique Auto display tent. After the completion of the awards presentation, the gate will be reopened for autos to leave the festival grounds. All autos need to remain on display from 11:00 a.m. through the awards program.
4. **Questions:** If you have any questions please contact the National Apple Harvest Festival Office (717-677-9413 or festival@appleharvest.com). One of the festival secretaries will answer your questions or you may leave a message for one of the Antique Auto committee members.

Go to: <https://www.appleharvest.com/antique-automobiles.html> for a printer friendly version of the Antique Auto Registration Contract and for additional information.

Please mail your registration contract and check or money order made payable to:

TECH TIP

Replacing pushrod tube O-rings ! Overhauling an engine ? This would be a good time to make sure the insides of those pushrod tubes are clean and shiny. Did you know that a 12 gauge shotgun brush is just the right size to scrub out those tubes ? Just add some carburetor cleaner and scrub away. And if you don't already have the appropriate shotgun cleaning brush handy, consider buying a "Universal Gun Cleaning Kit"; they typically have brushes ranging from 0.177" up to 12 gauge so you can use them to clean oil galleries and other passages in the engine.

(Tip from Lewis Graham Jr., Dec, 1987 CORSA Communique.)

First Tech Day of 2019 *(Submitted by Lou Trimper)*

1. Getting ready for our first tech session of 2019.
2. John & Kelly Warren's home.
3. The replacement engine switch.
4. Looking over the engine.
5. Ron Hash cleaning the main harness & making repairs.
6. John Warren cleaning every connection on the main harness at the fire wall.
7. John's car before repairs.
8. Members going over the starting issues.
9. John Berkheimer's green '64 Monza Convertible.
10. Getting John's car into the garage.
11. John Johnson's blue '64 Monza Convertible.
Bruce Culp's red '66 Monza 4-door.
Lou Trimper's blue '66 500.
David & Sally's white '64 Monza coupe.
12. The correct tool for removing & installing locking ring.
13. Dave Steigauf's red '65 Corsa convertible.
14. The correct tool for removing & installing locking ring.

After cleaning all of the electrical connections, setting the voltage regulator, setting the points, and setting both carbs, the car started and ran under its own power.
Another Corvair on the road...

Very Interesting *(submitted by Joe Darinsig)*

1964 Reactor Gene Winfield Custom Coupe

Gene Winfield had already built quite a name for himself as a car customizer by the time he started work on the Reactor. Using aluminum shaping skills that he honed on the XR-6, he created this show car on the chassis of a Citroen ID with a turbocharged engine from a Chevrolet Corvair. It would later star in three 1960s television shows: "Batman," "Star Trek," and "Bewitched."

(Pebble Beach Concours, California)

1964 Greenbrier 8 door van. On a 1974 Blazer chassis & drivetrain, \$1650. 350 V8, Turbo 350 trans. Needs a little work, in Illinois. Wouldn't that look good in your front yard. Maybe as a mailbox ???

1967 Gyro-X Alex Tremulis Prototype

Alex Tremulis is perhaps best known for his work to make the Tucker 48's design production-ready, but this Gyro-X is at least as interesting a design. Gyro Transport Systems in California asked Tremulis to design this prototype using a hydraulically driven gyroscope to keep the car upright. Drive power came from a 1.3-liter Mini engine and while the concept worked, it never went into production. The training wheels on either side keep the primarily two-wheeled vehicle from falling over while the gyroscope is warming up.

(Note: he used 1964 Corvair taillight assemblies !!!!!)

What's your favorite car ?

Hey, don't fall off and land on the Rampside.

Corvair Cooks Corner

Peaches and Cream Pie

Submitted by Carol Trimper

Ingredients

- 1 1/2 cups finely crushed Nilla Wafers
- 1/3 cup melted butter
- 1 package (4-serving size) JELL-O Brand Orange flavor gelatin
- 3/4 cups boiling water
- 2 cups ice cubes
- 1 1/2 cups thawed Cool Whip topping
- 1 cup chopped peeled fresh peaches (bite size pieces)

Directions

- Combine crumbs and butter. Press firmly onto bottom of a 9-inch pie plate.
- Stir gelatin into boiling water until completely dissolved. Add ice cubes. Stir until gelatin is slightly thickened; remove any unmelted ice. Add whipped topping; stir with wire whisk until well blended. Gently stir in peaches.
- Refrigerate 15 minutes or until gelatin mixture is thick enough to mound; spoon into crust. Refrigerate 3 hours or until set. Store leftover pie in refrigerator.

Thrift (a wonderful virtue) is compulsory in the compact Corvair

Turning up a dollar you forgot you had is always a pleasant surprise. Corvair's revolutionary design positively insures that you'll be surprised that way often. It's not just the way Corvair squeezes a gallon of gas. It's the antifreeze you don't buy for Corvair's air-cooled rear engine. The lower rates in many cases on insurance and license fees. The savings on tires. And all the while you're enjoying a car that handles like a quarter horse and rides soft as eider down. (All this talk of savings and we haven't even mentioned Corvair's low, low initial cost!)

See The Dinah Shore Chevy Show in color Sundays, NBC-TV—The Pat Boone Chevy Showroom weekly, ABC-TV.

Corvair 700 4-Door Sedan

A magician on mileage. Your gas dollars will now go farther... because the Corvair delivers miles and miles and miles per gallon.

Engine's in the rear... where it belongs in a compact car... to give you nimble handling, greater traction, better 4-wheel braking.

Independent suspension at all 4 wheels. Coil springs at each and every wheel take bumps with independent shock-action for a ride that rivals the costliest cars.

Fold-down rear seat. Now every sedan with 77.6 cu. ft. of extra storage space behind front seat.

Choice of automatic or manual transmission. You can have Powerglide* or a smooth-shifting Synchro-Mesh standard transmission. *Optional at extra cost

Unispace power team. Wraps engine, transmission and drive gears into one compact package... takes less room, leaves you more. All at a practical kind of price. Check your dealer on the short, sweet details... Chevrolet Division of General Motors, Detroit 2, Michigan.

An Interesting Fact about 1964 Corvair Rampside?

The Rampside is also known as Model 1254, according to *Concept Carz*. It was able to manage loads weighing up to half a ton, and like other Corvairs, it had a rear-mounted engine powering it. It came standard with an 80-horsepower, 6-cylinder air-cooled engine. (Taken from internet *Classic Cars US*)

OFFICIAL CONVERSION CHART
HOW TO INTERPRET
ANTIQUE CAR ADS

IF IT SAYS:	IT REALLY MEANS:
Rare model.....	Nobody liked them when new either
Older restoration.....	Can't tell it's been restored
Needs engine work.....	It's been frozen for 30 years
Uses no oil.....	Just throws it out
No rust.....	Body and fenders missing
Rough.....	It's too bad to lie about
One owner.....	Never been able to sell
No time to complete.....	Can't find parts anywhere
Needs interior.....	Seats are gone
Rebuilt engine.....	Has new spark plugs
May run.....	But it never has
Low mileage.....	Third time around
Many new parts.....	Keeps breaking down
29 coats hand-rubbed paint....	Needed that much to cover rust
Clean.....	It sat out in the rain yesterday
Best offer.....	About what I expect to get
Always driven slowly.....	Won't go any faster
Prize winner.....	Hard luck trophy 3 times in a row
Stored 25 years.....	Under a tree
Real show stopper.....	Orange with purple fenders
Easy restoration.....	Parts will come off in your hand
Ready to show.....	Just washed it
Top good.....	Only leaks when it rains
Good investment.....	Can't depreciate any more

The Central Pennsylvania Corvair Club (C.P.C.C.) is a non-profit organization dedicated to the preservation of the Corvair and Corvair powered vehicles. We provide knowledge about the Corvair to our members and other car enthusiasts, as well as hold monthly meetings, events, and social gatherings for the enjoyment of our members.

C.P.C.C. is Chapter #170 of the Corvair Society of America (CORSA). Dues for C.P.C.C. are \$16.00 per year or two years for \$30.00, which must be sent in the form of a check or money order payable to "C.P.C.C." and mailed to C.P.C.C. Treasurer, c/o John Berkheimer, 403 Dart Drive, Hanover, PA 17331. It is suggested that C.P.C.C. members also become members of CORSA, the national organization. CORSA dues are \$45.00 per year. Dues may be sent to CORSA, PO Box 68, Maple Plain, MN 55358 or online at <http://members.corvair.org>.

Newsletter submissions should be sent to the Newsletter Editor, Carol Trimper at lcl@pa.net. Mailing address is 30 Wheaton Drive, Littlestown, PA 17340.

All other club inquiries should be directed to the C.P.C.C. Secretary, Earl Holmes, 1511 Hicks Drive, Dauphin, PA 17018.
