President's Message

Submitted by
JOHN Berkheimer

Our May 15th cruise to Penn-Mar Park was a very nice day. We left the Corvair Ranch about 11:45am with four late Corvairs, one early, one van, and one late model truck, which included 11 members. When we arrived at Penn-Mar Park, Bruce and his neighbor met up with us in his Corvair. One member of the Mid-Maryland Club was at the park in an antique car other than a Corvair and another member arrived shortly in a Corvette. Tom and another member arrived a few minutes later both in late Corvairs. When leaving to go to the restaurant for lunch around 1:30pm, another member of the Mid-Maryland Club in an early Corvair joined us. We had a total of 22 members from both clubs at the restaurant for lunch and good conversation.

Our Annual CCCC Picnic will be held on Saturday, June 19th, at 403 Dart Drive, Hanover. Joyce and I will be hosting it. We supply the main course and drinks. Everyone else brings a covered dish to share. We moved the picnic to

June hopefully the weather will be perfect for an outdoor gathering. We will have the food set up inside and even with most members being vaccinated, we feel it would be a good idea to wear a mask when getting your food. No masks will be necessary outside. I am not sure how warm the pool water will be but bring your swimsuits. For anyone that has never been to my house, directions are: Points North: South Route 94 turn left at Dart Drive (McDonalds on the corner) Points South: North Route 94 turn right at Dart Drive. My phone number is 717-632-5617 if you have any questions or need additional directions. Some have already notified me as to what they are bringing. It is a good way to avoid duplicate covered dishes. Come any time after 12 noon. We plan to eat at 1pm.

We will be making plans for July and August events and also going over plans for Corvair Day.

Happy Corvairing.

2021 ORPHAN CAR TOUR "A River Runs Through It" Saturday, June 5, 2021

You will follow a 60-mile circuitous path from Burkittsville, Maryland to Bluemont, Virginia. Along the way, participants will have the opportunity to stop and visit a private collection of 25 cars (1908-1970), an operating grist mill, the Harpers Ferry National Historical Park, an antique auto repair and restoration shop, and several other places of interest. Upon arrival at Bluemont, participants will partake in a buffet dinner. The Tour's nickname this year is "A River Runs Through It", because of the route's several river crossings.

This year's tour is a replay of the 2020 tour which was canceled due to the pandemic. The 2021 event is contingent upon the continued improvement of the corona virus situation. That situation will be reviewed by Tour officials in mid-April, and a decision to go ahead or cancel will be made at that time.

This will be the 29th Orphan Car Tour, an event designed to encourage the driving enjoyment of antique "orphan" (discontinued-make) vehicles which are at least 25 years old. Each tour takes place in a different location in the greater Washington-Baltimore area, usually rural, whose low-speed roads are old-car friendly. Participants follow printed directions and travel at their own pace. As many as 64 cars have been driven on past tours, bearing name plates that ranged from the familiar (Pontiac, Mercury, Plymouth) to the obscure (Moline-Knight, Flanders and Alvis). The oldest cars ever driven date back to 1912.

Further details, a flyer and tour updates will be available by late March on the Orphan Tour's website at <http://www.orphan cartour.org/>. Further information is available from Jon Battle at (540) 364-1770, or via e-mail at tourdiretor@orphancartour.org.

The Corvair Society of America (CORSA)

"Founded in 1969 by and for those who still appreciate the Corvair automobile"

Central Pennsylvania Corvair Club (CPCC) strongly encourages all members to become members of the **Corvair Society of America (CORSA)**. Anyone with a fondness of the Corvair automobile will benefit from CORSA membership. In addition, we will all benefit by maintaining a strong national presence to lobby our interests and organize our collective purposes.

PLEASE do not overlook the potential value of a CORSA membership. Try it out. Your first year will cost only \$45. If you share our enthusiasm for these superbly engineered and styled cars, why not join our Society today? Domestic dues are only \$45 for 1 year/\$90 for 26 months (two months free!) We are sure you will find it a worthy and rewarding investment!

Tell us about Yourself

I'm new to the Corvaire "hobby" even though my first new car was a 1963 Monza 102 4-speed. I got it when I was a sophomore at University of Maryland studying to be an English teacher. Truth be told, I've been a car guy all my adult life. My focus has been Oldsmobile since I traded my Monza in on a new 1965 442 a year before I graduated. It seems I caught the drag racing bug from my older brother early on, winning my first trophy with my Monza in October of 1963. Since I had a knack for shifting 4-speeds, I also drove my college buddy's 1964 Spyder at local drag events. It was usually at the now defunct 75-80 Dragway. The little turbo car showed its tail lights to many a V8 back then. To this day, I still run Nostalgia Super Stock Oldsmobile's, all 4-speeds. I never, however, lost my interest in Detroit's unique rear-engine air-cooled wonder. Over the years I have owned several, a couple of which people gave me when fixing them became too challenging.

Retiring from teaching in 1997, I stayed in the arts, having spent much of my career teaching acting and film appreciation. I directed several community theatre projects and formed a film production company "One-Eyed Horse Productions". My interest in Corvairs hit paydirt when I happened upon a 1963 Monza that was in every way identical to my first new car. It was a fully documented 24,000 mile survivor with original paint no less. I had to have it! The owner had trouble getting it to run smoothly and, reluctantly, sold it to me. Apparently, too many

non-Corvaire guys had botched up trying to tune the little red car. After a few hours, however, the 102 hp engine purred. Correct timing, synced carbs, new wires, and plugs did the trick. The only problem was it was almost too nice to drive and I didn't want to hit the 25,000 mile odometer reading. So, I sold it to someone who knew it was a gem.

But the bug had bitten me, so a few months later I bought a project. A 1964 Spyder that is currently sitting in my garage with new paint and new trim, and the promise of tweaked turbo engine producing a couple hundred horsepower. Give me another year and it will be ... too nice to drive.

I've come to the conclusion that for some old men old cars are -- simply put - TIME TRAVEL.

Thanks Wayne for sharing your story!

Parking Light Conversion Tip

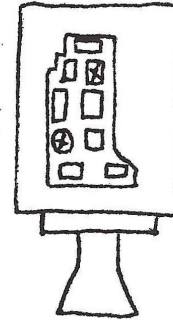

By Pete Suchy S.D.C.C.

There is an easy way of converting your Corvaire's parking lights to operate with your headlights. On all models, disconnect the batter and remove light switch. This can be done by reaching behind the switch and locating a small button and depressing while you slowly pull

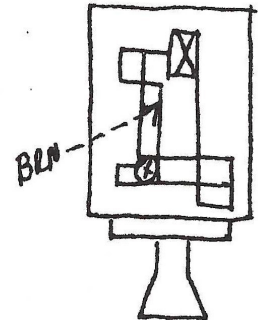

the knob all the way out. The switch can then be removed from the dash panel with a screwdriver. With the switch hanging below the dash, locate a purple (the small one) wire. This goes to the parking lights. Disconnect the connector from the switch and by using a small screwdriver or penknife, you can remove this terminal from the connector. This connection will be moved as in diagram above:

If you have a 60—62 car, replace the front lamps with 1154A bulbs or get the amber lenses. This small change in the wiring also enables you to install the side marker lights with a minimum of wiring.

Volume 4 expands upon the content of Volumes 1-3 and is published in the form of an 8½ x 11" manual drilled for a 3-ring binder. Visit corvair.org and click on the Merchandise button on the left of the screen. Cost \$25.00. And coming soon... Volumes 1, 2, 3, & 4 all combined on a single USB data stick!

CORSA Now Takes PayPal: You can now pay those membership dues, grab a tech guide or make a donation to CPF with the ease and convenience of PayPal. You asked for it. You got it!

Skinny Communique: This is a message for those members who receive their CORSA Communique magazines via US Postal service. Does your Communique look skinnier than normal? Well, it is! But not because we cut back on content. It's because, beginning with the May 2021 issue, we replaced the thick paper jacket with a clear plastic wrapper in order to give your magazine better protection. Too many copies were getting mangled in the mail. Also, a while back, we began printing the pages of the Communique on thinner gauge paper in order to offset the cost of printing them in full color. So, again, the Communiques look skinner, but they're better. Each issue of the Communique still has 29 pages, just like they always have.

PENNSYLVANIA AND MARYLAND CORVAIR CLUBS MEET AT PENN-MAR PARK

Submitted by Carol Trimper

What a beautiful day we had for our clubs to meet and enjoy time together. The day started with the CPCC gathering at The Corvair Ranch at 11:30 a.m. JOHN Berkheimer, Dave Steigauf, Jeff & Jeanette Ostroff, Ron Hash & John Johnson, Carol & Lou Trimper, Francis Lovett, and Miliana Wright and Jeff Stonesifer toured the countryside to Penn-Mar Park. Bruce Culp and his neighbor joined us along the road. Upon arriving at Penn-Mar Park, there were several members from our neighboring Maryland Club. It was a nice time talking and meeting new faces. A little after 1pm, we headed out to the Keystone Restaurant in Waynesboro, PA with Bruce Culp leading the way. We had a great time talking, laughing, and kidding with each other during our meal. A good day was had by all and we are already talking about what we can do together in the fall.

A great turn out by both clubs.

The Northeast Corvair Council is having a Corvair Car Show in conjunction with the usual performance driving event at Pocono Raceway. The show field will be in the Pocono North Course paddock right in front of the North Course garages. The show includes lunch-time parade laps around the North Course. People's Choice judging. Price: \$0. That's Zero! On-site registration will be available but please pre-register. Complete details on our website www.neccmotorsports.com or contact Brian O'Neill, (973) 729 5586, bmoneill@juno.com. NECC may have the best idea around for all the people who have waited quite a while to get out and exercise their Corvairs, or at least take a "road trip" to meet up with other car people.

The two events (show and track day) will run concurrently and both are dedicated to the memory of Warren LeVeque who passed away in 2020. He is one of the best known and beloved Corvair Racers from the 1960s right on through the 2000s and ran in a number of NECC performance driving events with his highly-modified Corvair-based track cars. Many of us grew up in the hobby reading his monthly full-page articles in the Corvair Society of America's award-winning magazine during his 20-year tenure as the CORSA Competition Chairman.

No fees to enter the racetrack gate, to enter the car show, parade laps, or for spectators. Those who enter the car show will have a good time. Think of it as a "Car Show with Benefits."

You are also welcome to walk through the garages where drivers will be preparing their cars for high-performance driving event on the track. You can also volunteer to assist with trackside flagging responsibilities for an hour or two during the action.

But that's not all. You'll have a front row seat for a very unique 20-minute parade of 300 Harley Davidson motorcycles rolling into the track facility at 12 Noon. They will take three parade laps on the whole 2.5-mile NASCAR Tri-oval, and back out again. Keep your camera ready for this one. All in one place, on one day. You can't make this stuff up.

On-site registration will be available but please register in advance. Go to neccmotorsports.com and, using the navigation menu, select "Corvair Show". Questions? Contact Brian O'Neill, bmoneill@juno.com; (973) 729 5586.

MEMORY LANE

Corvair Ranch Open House May 7, 2006

On Sunday, May 7th, the Corvair Ranch held an open house. The weather was beautiful and I was sunburned "again". Jeff had door prizes, a jar full of door handles that you needed to guess how many were inside, a trivia questionnaire, food and of course parts for sale!

In attendance were at least three Corvair Clubs, the CPCC, the Keystone Corvair Club and the Philadelphia Club. It was a pleasure to see members of the Keystone Club again. These guys are very friendly.

I would like to acknowledge the following CPCC members who drove their Corvairs there... Rob Adams, Tom Beard, Paul Brown, Joe Darinsig, Dan Heckel, Earl & Sandy Holmes and our tech man, Dick Peris. All together, there were approximately thirty Cor-

vairs and about seventy-five people in attendance.

One Corvair that impressed me was an orange and white CORSA. I really don't care for Huger Orange cars, but this one is simply sharp! The owner was kept busy talking about his car. This is another Corvair that has been driven half way across the country and back. The previous owner had driven the car from Kansas City to the West coast hoping to sell it. When he didn't sell it, he brought it back to Kansas. Two years ago it was it was driven from Kansas City to the national in Kentucky. There it was sold and driven to its new home.

Joe Darinsig was also kept busy talking about his car. There were quite a few admirers that wanted to learn more about it. I also heard some positive comments

about Paul Brown's evening orchid 1965, and even though this person wasn't there, there was positive comments about John Johnson's convertible; also painted evening orchid but with metallic added to the paint.

I know a lot of people went for a hike in the Ranch's yard. I wasn't allowed to go. Why? First ticks, second bees and third I rode along with Dave Steigauf and he said he wanted to be home before dark! Thanks for the ride, Dave!!

Jeff Stonesifer, owner of the Corvair Ranch gave us a short history lesson on the Corvair Ranch as a business and of the people that have been, or are, involved with he business. I thought it was very interesting.

At the conclusion of the event the CPCC held it's monthly meeting.
