**May 2022**

## **From The Dashboard of Your DACC**

**President, Gary Komora** [Gkomora@sbcglobal.net](mailto:Gkomora@sbcglobal.net)

Hello Everyone,

What an interesting month April has been, up and down weather, bumpy roads, and car show season right around the corner. Hopefully in May we can start to fill the 300 Bowl's parking lot with Corvairs. I just want to remind everyone that the May meeting is the deadline for the license plate design contest, the winner will receive \$40 towards this year's homecoming. Also, this year we will be doing a driving competition for historic plated and regular plated cars. We will run the competition from now until the October meeting. The winner of the competition will receive an undisclosed prize (that needs to be discussed by the board). If you are driving a car with a historic plate then the historic plate laws must be followed when it comes to mileage, up until the law changes. During the meetings the last few months I have been sending around a book to try to collect some history for the club and its members. Most of you know of the book and may have even received it at one point, it is Everything I know about Corvair's by Ralph Nader which everyone knows is just an empty book. Well I got the book for [Christmas](#) a few years ago and figured I would make it useful, my goal is to have the book passed around to everyone in the group and have them write in it. What I am looking for is a story of one of your passed Corvair's or how you got in to them or some memory you have of them. So far being in the club I have seen a number of people pass and it would be nice to have the book to tell some history of its club members. If you would rather type your story instead of handwrite it in the book that will work as well just send it to my email at [gkomora@sbcglobal.net](mailto:gkomora@sbcglobal.net). ■

## **It is that time of year again!**

Homecoming will be here before we know it this year being it is coming in **July!** I am reaching out to all of you for help with Homecoming. We have a great event that does not happen on its own. It takes a village to be successful. For example, we always need more help in the hospitality room. Even if you only help for one meal that is greatly appreciated. Or checking in with Pete to see if he needs a break away from the registration table. I am also reaching out to get some goodies for the goodie bags. I usually make about 100/120 bags up every year! Let's make the goodies the best-ever this year! I would need the stuff by the 20th of June.

Thanks.

We are very fortunate to have such a great group of people who come to Homecoming that even when plans don't work out, they think of us. ***I am referring to Glenn and Rita Rittenhouse. They are unable to make it to Homecoming this year, so they donated their registration anyhow to the club.*** They will be missed this year.

I am hopeful that our Canadian friends will be able to make it this year. They too have been missed.

Now is the time to register for the event as well as reserving your room. Room registrations NEED to be in by JUNE 20th to get the reduced room rate. You can cancel your room registration 48 hours before and not be charged. PLEASE take the time NOW to do this. ■

## **April Meeting Minutes**

Gary was given a new gavel to start the meeting it was a very small hammer from the Dexter Farm. Well, it was determined that it was not loud enough. LOL

Raven talked about our [May 14th](#) outing with the West Michigan Chapter. We will be meeting at the truck stop called Fowlerville Farms off I-96 at 10 am.

Rich stated we have 121 members who are current with their dues. Many are past due, and some will be dropped. Elsewhere in the Aircooler is an article clarifying the drop process.

Starting on [April 1st](#) to [October 3rd](#) we are having the challenge of most miles driven with your Corvairs. There will be 2 different versions, one if you have a regular license plate and one if you have a historical plate. Please take a picture of your odometer before you start your summer driving.

*Continued page 2*

*Meeting minutes continued from page 1.*

Please remember to bring your license plate ideas to the May meeting we will vote on best design.

It was brought to our attention that there is a petition online to extend the dates we can drive our classics anywhere at any time from Memorial Day to Labor Day. Please find and sign the petition.

Thank you to those who have stepped up and are helping gather things for the goodie bags for Homecoming. We always can use additional help at Homecoming especially in the hospitality room.

PLEASE start sending in your registration form for Homecoming as well as reserving your room for the event. Please do not delay.

Attendance winner was Ken Heberling, and 50/50 of \$47 went to Chris Hand.

Currently there are 220 people signed up to go to Back to Bricks in June and 3 of them just happen to be Corvairs.

### ATTENTION ALL!

It was mentioned at the November meeting about past dues members and was noted in the meeting minutes in the December Aircooler, but we want all to be aware that as of May we are going to follow our bylaws reading with regards to when unpaid members will be dropped. The bylaws state "Listing of persons whose memberships require renewal will be published in the newsletter the month they are due. If dues are not received during the month, they are due they will be dropped." With that being said if you have not paid your dues by the 15th of the month you will be dropped the following month. For example, I am due in August so if I do not pay by the 15th of August, I will not receive my September Aircooler.

**Since the 1st of the year Rich has been posting upcoming due dates well in advance to inform all when they are due.** We have been trying to set everyone up with this transition. If you owed dues in March or April, you would have until **May 15th** to get your dues caught up to continue receiving your Aircooler. From here forward please be due diligent and stay current. Rich will continue informing in the Aircooler months in advance of when you are due. **Lori K. Secretary ■**

## DACC Membership Report for May 2022 Aircooler Submitted April 16, 2022 by Rich Blanchard

**Welcome New Members:** None

**Thanks for keeping your membership up to date:** Mike Anstine, Anne Baldwin, Jan Bradley, Ronald Bluhm, Chris Hand, Joe Mazzeo, Dave Munaco, Elaine Roerink, Brad Ross, Jeff Wise,

**Members dropped for non-payment:** Michael Cook, Richard Dixon, John Lantz, Jerry North, Casey Schesky,

**Past Due in March:** Ray Dubia, Grayden Sallows, Steve Tackett,

**Past Due in April:** John Davis, Brian Granger, Dominic Mascia, H. Neil Riechard, Dan Ristau,

**Due in May:** Gerald Ambrozy, Jim Carbary, Tim Duve, Walter Euesden, Tom Hall, Greg Jacobs, Mark Kidd, John Monk, Jeff Perkins, Cecil Rollins, Rod Tusek, Jean Marc Urbain, Rick White,

**Due in June:** Craig Balow, Dave Beck, Michael Henk, Bryan Johnson, Gary Komora, John O'Leary, Doreen Reisig, Linda Tennant,

**Due in July:** John Bussard, Gigi Debbrecht, Stu Ehrhardt, Jay Nugent, Ken Pepke, Bill Vellner, Mark Williams

**Due in August:** Craig Campbell, Don Eichstaedt, Carol Hairsine, Lori Komora, Adam Morenski, Ross Newton, Robert Norwalk, William Owens, Suzanne Vadovich,  
We have 124 paid members, 8 who owe dues and 13 due this month!

We are mailing 9 complementary newsletters to other clubs and the Ypsilanti museum.

If you can't make it to the meeting, send a **check for \$20.00**

payable to **Detroit Area Corvair Club** to: Rich Blanchard–DACC. Address: 4776 Granger Rd Oxford, MI 48371-3304

Questions about membership, change of address and/or email can be sent to [membership@detroitcorvairs.com](mailto:membership@detroitcorvairs.com) or call Rich Blanchard at (248) 770-8948 and leave a message. ■

### Activities by Raven Hand

Hello, I hope by the time you all read this we all will have our cars out and running well. Currently the Van is being a brat but hopefully it'll be all worked out in time for cruise season. \* Upcoming event reminder May 14th Dust off with West Michigan Corvair Club. If interested in caravanning out there meet at 10 am at the Exxon at 941 S. Grand Ave in Fowlerville. We will leave Exxon at approximately 10:30 am. Bring your own lunch and our destination will be 2701 Moores River Drive in Lansing and should arrive around 12 pm. In June, please put Sloan's 50th Anniversary on your radar as this seems like a good event for us for June. Valve cover racer build was attended by Clark Hartzel and Elaine Roerink and her daughter Amber. We got some things done and it was a nice few hours and Robert Whitman met us for breakfast.

I Have gathered a decent start to weekly cruise ins that may be of interest;

#### MONDAY

\*Grand River Cruise nights Village Commons shopping center in Farmington Hills starts 4/18 time 5pm to dusk

\* Fun time Cruisers at Lakeside Mall (unsure of start date and time)

\* Downtown Holly starts 5/2

#### TUESDAY

\*Culvers 4963 Interpark Drive North Lake Orion 4/26 time 4pm to dusk

\* Ukrainian Cultural Center on Ryan rd in Warren ( times and start date unsure)

Continued on page 4

**Wanted: Early Scale Model Corvair Sedan (Prefer Metal) 1/18,1/24, decent condition.**

**Rocko Heath. 586-431-4494.**

1966 Monza Sport Sedan 140 automatic, New paint, Tires, Carpet and mechanical work as needed. Nice interior 49,000 Miles nice running and driving car I have \$12,000 invested and that is what I would like to get back out of it ready to enjoy.

Mike McFarland 810-790-1812

**What does the month of May stand for?**  
"May" is likely named for the Roman goddess **Maia**, who oversaw the growth of plants. Alternatively, the name might have come from the Latin maiores, "elders," who were celebrated now.

## **DACC History 1988 continued from April Aircooler:**

### **By DACC Historian Clark Hartzel**

**September Aircooler:** Guest speaker for next meeting will be a rep from J.C.Taylor insurance company. Romeo Peach Festival parade is Sept. 5<sup>th</sup>. Saline parade is Sept. 10<sup>th</sup>. Treasury balance is \$720.29. Full page pictures of the experimental Flat 10 cyl. Engine. Two members were added to the Masters of Disaster club. Dan Weir's Powerglide gave up a few miles from the CORSA convention in Ashville. Ken Pepke had an oil burning problem with his engine and used 48 quarts of oil to Ashville and back. A tech tip about U-joints was mentioned that the grease in a new one is just to prevent rusting and you need to pump some good grease thru them to displace the light oil.

**October Aircooler:** Our annual Frankenmuth trip and chicken dinner is Oct.15.

Kathy Mucha's dad Ab Ives won a sterling silver trophy at the Hiram Walker show with his 1920 Overland. Bob Kirkman wrote that a neighbor Ron Clark had a visitor at his shop that had an overhead cam engine in his Corvair. The fellow said his dad worked at Chevy engineering. We suspect the engine was once installed in the Astro 1 car. The Corvair count is now up to 81 members own 232 Corvairs.

**November Aircooler:** Marvin Granger joined the club along with 3 others. A roster of all members will be printed in the December Aircooler so you must pay your dues by the November meeting to be included. Bob Kirkman talked about building Stubby (his shortened Corvair). He is using it as a daily driver now. The treasury is down to \$342.01 now. The Dec. 6<sup>th</sup> Christmas party is at Holy Trinity Banquet Hall on Square Lake Road at John R. The Corvair count is now 98 members have 252 Corvairs, 52 of which are FC's. The clubs masters of disasters have struck those going to CORSA conventions. In 1981 Jay Nugent had a rear axle bearing fail an hour away from Denver. Al Brunke had front suspension damage. In 1987 Dave Gould had a massive engine failure and had to be towed home. In 1988 DACC member Dan Weir fried his Powerglide trans. At the Frankenmuth tour there were 26 Corvairs and 69 people. Next years driver awards will be limited to DACC and CORSA events. Prizes will be 1<sup>st</sup> place two years of DACC nembership. 2<sup>nd</sup> place will be one years membership. 3<sup>rd</sup> place will be a Corvair oil filter. The next 4 pages of the Aircooler were tech tips which are too lengthy to post here.

**December Aircooler:** The January meeting will be a scrapbook party. Members asked to bring pictures to the meeting. Membership at 108 and 58 members came to last meeting. In the drive your Corvair points race it was mentioned that half of our members haven't driven their Corvair at all or forgot to report it. Ken Hand reported that he and Wes Irons have made a one-hour long movie about Corvairs and it will be shown on TV. A Feb. event will be a tour to the Henry Ford Museum. Treasurers report is \$435.07. A DACC member now has the second to last 1969 Corvair, serial 5999. Come to the next meeting to find out who. A roster of all members was included in the Dec. Aircooler. The final Corvair account is 101 members own 277 Corvairs. ■

### **Activities by Raven continued from page 3**

#### **WEDNESDAY**

- Mt Clemens Cruise Nights Pops Sweets and Treats 90 Macomb Place Mt Clemens (if anyone knows start date and time)

- Wooley Billy's 1500 Pinckney Rd Howell
- Merri Bowl 30950 Five Mile rd. Livonia

#### **THURSDAY**

- Troy Big Boy 200 West Maple Troy starts 5/5 time 4 -8 pm

#### **FRIDAY**

#### **SUNDAY**

- Bakers of Milford 2025 S Milford rd May to September
- I included as much info as I had or could find while making the list. ■

## **Another Red Corvair Article by Pete Kohler**

How about another Corvair adventure? This one showed up on an Internet site called "Corvair Center Forum". This is a message board originally offered by the Corvair Club of San Diego, California. It is now a service supported by the national club, CORSA. A red late model Corvair parked a barn many decades ago and currently surrounded by so much "stuff" it was hard to tell much of anything about the car other than it's red paint. Since my last two Corvair purchases came out of Indiana this one was a bonus residing in nearby Parma, Michigan. A must see!

A few weeks ago Ian Smith and I arranged a visit to the barn in Parma. Yes, the car was there. Yes, it was red. It looked solid, but the jury would be out until the car could come out of it's hiding place. A previously suggested value was known and the owner/seller was hoping for a bit more. I was hoping he wasn't basing his hopes after watching some of the recent big-time auctions...

A second visit to the barn was planned this time with a trailer and \$1500 (fifteen pictures of Ben Franklin) as that is what the seller wanted. VP Mike Anstine came along to help extract this beauty from the barn. We met Mike Hurt there and the three of us were pleasantly surprised to see the car already out of the stall and parked in the driveway. That was a good thing as three of the four tires had gotten tired (pun??) of holding up their corner of the Monza and gone flat. Really flat. Next step was to back the trailer into position and hook up the electric winch.

After a bit of maneuvering all was set and the car rested on the trailer deck. Now we could take a better look at our find. It is a 1965 Monza coupe with an earlier engine (1963?) and a powerglide transmission. The interior sports a pair of black 1968 Strato buckets. The front carpet is missing but that just lets us see the floor pans - which are in great shape! The story behind the car is that it came from "out West". That makes sense since this Corvair is a Southern California native being built at the LA plant. It started out life blue, but at some point it was painted resale red. The paint job isn't bad and it might polish out. No obvious rust on the body is a big plus.

Once back in Farmington Hills a message was sent to Tom Tennant with pics from Mike. I knew that our past President Grant Tennant was still looking for his first Corvair. I have always thought that a perfect first Corvair would be a late model coupe or sedan with a 2-carb engine and an automatic transmission. Having a floor and being Corvair-shaped even better! It didn't take long to hear back from Tom that the car deal was a go.

So now Grant will have his very first Corvair. The car will need some TLC, but the engine does turn over with a 3/4" wrench on the crank pulley. Mom and Dad should be happy as the engine is probably a base 80 HP version. Don't worry Grant, maybe the garage squad can help build up a newer, faster engine somewhere down the road. The wheels that came with the car are from a 1980's Pontiac and they look pretty good. The original tires are raised white letter ones that proclaim "Bonneville Super Wide 70". They will be replaced even before the car makes it's way up to the Tennant compound in Hadley Twp.

So that is the story of yet another red late model Corvair. If you have any similar experiences why not send in your recollections to Adam for inclusion in our monthly newsletter? ■
