NEXT CPCC MEETING

July 22, 2022

Club meetings are held the 2ND Tuesday of each month

at Hoss's Restaurant, West York, PA.

NOTE:

Dinner: 5:30pm

Meeting: 6:30pm

President's Message

Submitted by JOHN Berkheimer

Our picnic this year on June 18th was beautiful, a little windy and cool. That didn't stop Tom & Becky Zinn's grandchildren, Gavin and Sadie from enjoying the pool and my neighbor's son Jace also joined them. We had 23 in attendance and seven Corvairs. As usual we had plenty of good food and great deserts. We had a meeting and Carol took the minutes in the absence of Earl. Thanks Carol. We discussed Corvair Day, making decisions on our awards and not having a bake sale. Joe is planning on getting better pictures for the dash plaques while he is at the convention. Dave has already checked with his neighbor and we can borrow the PA system again this year. Everything seems to be coming together. Get your registration forms sent into Dave.

We will be having our regular meeting

at Hoss's on July 12th and have planned on a club event to Markets at Shrewsbury on July 22nd. We will meet at our usual place, the church across from the Markets at 2pm. (see page 5).

It was so sad to hear of the passing of Cindy Heisler, our thoughts and prayers go out to Rich and his Family.

We have distributed antenna flags to our members as we see them. We plan on waiting till after our Corvair Day and then we will mail flags to members who hasn't received one.

I was looking forward to seeing everyone at the Corvair Ranch Open House but due to a sinus infection I was not able to attend. These days you can't be 100% sure it is a sinus infection so I wanted to play it safe for everyone. I did have my doctor confirm on Monday that it was a sinus infection and it took me about four weeks to finally feel better

Happy Corvairing,

CORVAIR DAY

We are asking for many volunteers to please donate some time in helping out at Corvair Day with:

- Parking (must arrive at EMMR early)
- Door prize table
- Selling 50/50 tickets
- Registration table
- Music
- Help handing out awards
- Setting up
- Tearing down
- AND MUCH MORE

Talk to JOHN, John, or Dave to see how you can help. Every would like to get out and see the people and cars, but many are unable to because we do not have enough volunteers. Even if you just relieve someone for a 1/2 hour. Any help you can offer is greatly appreciated.

**VOLUNTEERS
NEEDED!**

CENTRAL PENNSYLVANIA CORVAIR CLUB

CORVAIR EVENTS

Complete Information is available from each individual website. Please confirm dates and times with the event coordinator.

JULY

- 3 Brookside Park, Motor Menders, Firecracker Rod Run, 9am-3pm, \$20 DOS.

For Sale

1961 Rampside Pick Up: \$9500/OBO

Runs and drives great. Could use some new tires. Frame has been beefed up. Can haul heavy loads! Body speaks for itself. Some call it a project, I call it a cream puff!

Call or text Jeff at 717-578-1463.

Corvair Cooks Corner

Campbell's Tuna Noodle Casserole

Submitted by Linda Enfield (Taken from CPCC Action Newsletter, dated Sept. 2006 Vol 28 Issue 9)

INGREDIENTS:

- 1 (10 3/4) can Campbell's Cream of Mushroom Soup
- 1/2 Cup Milk
- 1 Cup frozen or canned peas
- 2 (6 oz. each) cans tuna, drained
- 2 Cups hot cooked medium egg noodles
- 1/2 Cup Shredded Cheddar Cheese

DIRECTIONS:

- Preheat oven to 400°
- Mix soup, milk, peas, tuna, and noodles into a 1 1/2 quart casserole.
- Stir & sprinkle cheese over casserole
- Bake 20 minutes.

Baby of the Month

Our Baby of the Month is the little one on the far left. This was taken Christmas 1951 with his brother, Bob. Bob was 18 months old and our Baby of the Month was 3 1/2 years old. Any idea who this may be? Answer can be found on Page 8.

2004 Chrysler Sebring With a Chevy Corvair Body and Airbrushed Patina Hurts the Soul Pushing "respect all builds" to the limit.

By Chris Tsui dated May 4, 2021

Taken from the internet "thedrive.com." All photos from Facebook Marketplace: Annette Lazaruk.

Submitted by Joe Darinsig

We've seen [a lot of questionable custom automobiles](#) over the years. I'm sure there have been cars worse than a [Chrysler Sebring](#) with the body of a Chevy [Corvair](#) and airbrushed patina, but I can't seem to remember what they are at the moment. But there's gotta be, right?

If, however, the idea of an old American car wearing the grafted skin of another, even older, completely unrelated American car sounds appealing, you're in luck, because the aforementioned Chrysolet Corbring actually exists and is for sale right now in Parkland County, Alberta. Listed on [Facebook Marketplace](#) for the Canadian equivalent of about \$4,500, this topless Detroit mutant is, at its core, a 2004 Sebring Convertible ([the car of choice for one Michael Gary Scott](#)).

On the surface, however, it's been modified to look like a 1962 Corvair Monza convertible with paint-based simulations of the kind of wear and tear a Chevy from the '60s would suffer it was left out in the rain for the past six decades. Also, check out the creepy metal hands that hover in front of the door mirrors.

Don't get it? Yeah, neither do I.

"Is insured and registered," reads the listing. "Carfax included. No accidents. Runs and

CENTRAL PENNSYLVANIA CORVAIR CLUB

drives great and ready to enjoy. Was recently cruising down the highway at (75 mph) with the top down. Got tons of looks." I don't doubt that this thing would get tons of looks going down the highway. Not sure it's the sort of looks you really want, though.

Underneath the rubberneck-worthy styling is the Sebring's 2.7-liter V6 which has apparently been in service for over 175,000 miles. The seller also mentions that it's got a "fully functional power top with no rips or tears" along with a "custom tilt front end" as well as "recent tires."

As dubious as this car may be aesthetically speaking, it's nice to know it probably won't let you down mechanically anytime soon.

Got a tip or question for the author? You can reach them here: chris.tsui@thedrive.com

CPCC Cruise Night JULY 22, 2022

at "Markets at Shrewsbury"

We will meet at St. Paul's Lutheran Church (across from the markets entrance) at 2pm so we can enter at the same time and park together. Please let John Johnson know you are planning to attend.

Secretary Minutes

Submitted by Carol Trimper

The June meeting was held at the Annual Potluck & Pool Party Picnic on June 18th at JOHN & Joyce Berkheimer's home.

The meeting began at 2:40pm after a delicious lunch with all kinds of food and desserts. No one went away hungry.

President, JOHN Berkheimer, opened the meeting by discussing items regarding Corvair Day 2022. Items discussed were:

NEW BUSINESS:

- Trophies (will continue discussion at July meeting.)
- Article in Communique about Corvair Day will be redesigned for next year with club name being repositioned to top.

- Bake Sale will be discontinued. Since event is being held at EMMR, the Bake Sale is not conducive. The Bake Sale was previously held at the AACCA museum since they did not offer snacks, lunch, or drinks. EMMR offers all of this and more!
- Discussion was held on possibly offering T-shirt sale. After discussion, it was decided this would not financially benefit the club and will not be pursued.
- Club will donate \$250 to EMMR for use of their facility.
- Looking for donations for door prizes. Members were asked to please donate items.
- **VOLUNTEERS NEEDED!** We are asking for many volunteers to please donate some time in helping out with:
 - Parking (must arrive at EMMR early)
 - Door prize table
 - Selling 50/50 tickets
 - Registration table
 - Music
 - Help handing out awards
 - AND MUCH MORE

Please stop by registration table to find out how you can help, see an Club Officer for assistance. We all would like to get out and see the people and cars, but many are unable to because we do not have enough volunteers. Even if you just relieve someone for a bit. Any help you can offer is greatly appreciated.

- Joe Darinsig is working on dash plaques. Last year we ordered 60 and that amount will remain the same for this year.
- Awards will again be made by Duane & Jacquie Aldrich. They did such an awesome job last year that the club voted for them to design & produce plaques again this year. Same format on plaques this year depicting early & late model Corvairs.
- Tom Zinn will handle direction signs to EMMR.

OLD BUSINESS:

- JOHN asked Lou Trimper if Club Flags were distributed at the Corvair Ranch Open House. Lou mentioned that he had handed that over to Dave and Sally Fullerton as he was taking pictures of the event. Lou then thanked Dave and Sally for the handing out the flags to members that had not received one.
- Dave Steigauf gave the Treasurer's Report for June.
 - Steve Landersman renewed for one year.
 - Club's account remains in a positive balance.

CENTRAL PENNSYLVANIA CORVAIR CLUB

• UPCOMING EVENTS:

- ⇒ Kings Gap State Park and Fish Hatchery has been tentatively scheduled for an August event. Date and details will be discussed at July meeting.
- ⇒ Markets at Shrewsbury will be held on July 22nd. Members are to meet at church at 2pm so we can go in and park together. See additional information in this newsletter.
- ⇒ Club discussed the possibility of going to Neal Lutz's Alpaca Farm sometime in the fall. The club also talked about the possibility of having lunch at Tropical Treat during this event.
- ⇒ Ron & Genevieve Wilmer will be contacting Star Barn for information about a club trip. Additional details will be shared at the July meeting.

Motion made to adjourn meeting and seconded by Lou Trimper. Meeting adjourned at 3:43pm.

ATTENDEES:

JOHN & Joyce Berkheimer, John & Sandy Johnson, Dave Steigauf, Joe Darinsig, Lou & Carol Trimper, Ron & Genevieve Wilmer, Bruce Culp, Ron & Betty Hash, Linda Enfield, Francis Lovett, Tom & Becky Zinn (grandchildren: Gavin & Sadie), Rich Heisler, Steve Heisler, Dave & Sally Fullerton

The Corvair Society of America (CORSA)

"Founded in 1969 by and for those who still appreciate the Corvair automobile"

Central Pennsylvania Corvair Club (CPCC) strongly encourages all members to become members of the Corvair Society of America (CORSA). Anyone with a fondness of the Corvair automobile will benefit from CORSA membership. In addition, we will all benefit by maintaining a strong national presence to lobby our interests and organize our collective purposes.

PLEASE do not overlook the potential value of a CORSA membership. Try it out. Your first year will cost only \$45. If you share our enthusiasm for these superbly engineered and styled cars, why not join our Society today? Domestic dues are only \$45 for 1 year/ \$90 for 26 months (two months free!) We are sure you will find it a worthy and rewarding investment!

CENTRAL PENNSYLVANIA CORVAIR CLUB

Torx Screws for Carb Tops

By Fran Schmit

Taken from: The Fifth Wheel Newsletter, dated May 2022

Submitted by Lou Trimper

In the Fall of 2020 while I was enjoying some time off, due to the COVID, I had time to tune my modified engine. This took many trials till I figured out that the combustion chambers were full of soot and I had to burn that off before I could get any idea of what to do.

This was an education process due to not knowing what was wrong and changing jets every other day for two months. I even installed an O2 Sensor in the exhaust pipe to tell me how rich/lean I was burning.

Since I can operate my primary carbs independently from my secondary carbs, I can read A/F (Air-Fuel) mixture when running either pair or all four. For the first month I was always reading rich and I got down to 50s on the primaries and 48s on the secondary till I finally started getting lean readings and then I had to keep going up with the jets.

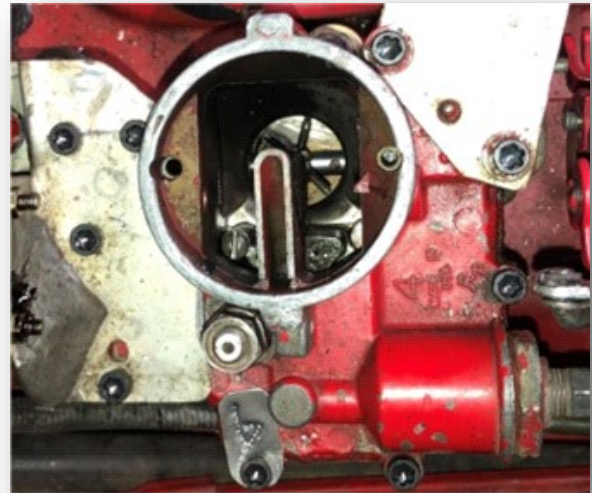

Like I said, I changed primary jets or secondary jets every day and sometimes all four in one day. I got so I could change the main-metering jets on four carbs in a little

over one hour. In the process, the screws that assemble my carbs got sloppier and worse.

I finally stopped operation and relaxed for a couple days till I could order in some Torx headed screws. I pretty much have stayed out of the stores for about a year now. I wanted something I could easily turn with a screw gun and not have the tip jump off the screw – all the time! It would help too, if the tip could tolerate a slight angle to the screw while it was turning. Torx meets the requirements handily.

Turns out there are nine screws on the top of each carb so one complete set for four cars is 36 screws. You can see how a carb looks with a bunch of Torx screws holding its top on, right here!

Oh, you can see all nine screws in the one photo. What you are seeing is the top of a secondary carb that has an electric device to move the throttle plate full open or full closed and an over center spring arrangement to keep it in either position. Those are shown as the shiny metal plates in the photo.

One of the Torx screws is also seen holding the label telling which jet is in the carb – what you see is the number 4 signifying there is a 0.054" main jet in this secondary carb. Since most CORVAIR carbs use jets from 49 to 53, I figured I could use the nomenclature of 9,0,1,2,3 to identify any jet. I had to spread out my system during this testing to include both 48 and 54 but they too, fit within my scheme. As you can see.

So, that's what I wanted to show you. I wore out the old screws and replaced them with a modern "superior" design. One that doesn't allow the screwdriver to slip off and also tolerates a small angle between the screw and its driver. I'm happy to say the Torx screws work well.

All of this fooling around is great fun and offers many new challenges, that I am certainly not used to, and therefore - I'm having even more fun! So, let's all have more fun, as we Keep-On-CORVAIRing, Fran

Note. This would also be a good replacement for those nasty distributor cap hold-down screws! Ugh!

CENTRAL PENNSYLVANIA CORVAIR CLUB

ABOUT C.P.C.C.

The Central Pennsylvania Corvair Club (C.P.C.C.) is a non-profit organization dedicated to the preservation of the Corvair and Corvair powered vehicles. We provide knowledge about the Corvair to our members and other car enthusiasts, as well as hold monthly meetings, events, and social gatherings for the enjoyment of our members.

C.P.C.C. is Chapter #170 of the Corvair Society of America (COSA). Dues for C.P.C.C. are \$16.00 per year or two years for \$30.00, which must be sent in the form of a check or money order payable to "C.P.C.C." and mailed to C.P.C.C. Treasurer, c/o Dave Steigauf, 599 Westfield Drive, Landisville, PA 17538. Please include CPCC Membership Application form along with your check.

It is suggested that C.P.C.C. members also become members of COSA, the national organization. COSA dues are \$45.00 per year. Dues may be sent to Corvair Society of America, P.O. Box 68, Long Lake, Minnesota USA 55356 or online at <http://members.corvair.org>.

Newsletter submissions should be sent to the Newsletter Editor, Carol Trimper at 30 Wheaton Drive, Littlestown, PA 17340.

All other club inquiries should be directed to the C.P.C.C. Secretary, Earl Holmes, 1511 Hicks Drive, Dauphin, PA 17018.
