An Insider's Look at the 2023 Corvair Convention

"Just the Facts Ma'am" (Jack Webb)*

Submitted by Paul Miller

The Journey- Only @2755 miles round trip! The Long & Hard way to/from Harrisburg to the Wisconsin Dells. Attending the Corvair Convention You Say- are you crazy- Yes! Turnpikes, interstates & back roads a plenty and the vehicular cesspool otherwise known as the Interstate System thru and around Chicago- Chi Town as the locals call it. The '69 Vair soldiers on mile upon mile, humping tar strips, suffering heat, eating an errant trailer fender into the front bumper, drinking dino juice at 93 octane and mis-guided directions all for a week of entertainment par excellence. As is said, "the journey is half the fun." Truth, is we made it and the relationship is intact (mostly).

The Entry to the Dells- If Barnum & Bailey designed a town it would look like the Dells. Faux Greek, Roman, Medieval architecture squeezed into all available real estate. It is a hodgepodge of every cliché imaginable with a river of traffic flowing through it. People flock here to partake in the atmosphere, the food and the jocularity.

The Meat in the Sandwich- Arrival at the 2023 Corvair Convention and the much-anticipated Chula Vista Resort. Waterparks, golf, pools, restaurants a plenty. And the HOST hotel. After The Journey it is an oasis to ponder the participants love of the air-cooled rear engine wonder car. And here the feasting by indulgement occurs with 200+ Corvair derivatives. All is ready. T[1] he BIG FIVE EVENTS- are ready & aligned- Concours d'Elegance (all seven judging parts), Economy Run, Road Rally (three parts), People's Choice Car Display & the Autocross. Sprinkled as time & effort allow are tech reviews, swap meets, valve cover races, Corsacentric meetings, a hospitality suite, road trips to local novelties, sub routine meetings- Corvantics, Stinger, UltraVan, +++. Why, someone once asked, can't a convention be done in 2-3 days? Easy answer -not enough time of course!

The Dessert- It is fitting that the BIG SPECIAL EVENT is the Banquet & Awards Ceremony held on Friday night. Dinner served- quite excellent too. Filled to a capacity crowd the cherished awards in many categories are undertaken. And so, the awards & activities go- categories, competitions, persons of note honored. Far too numerous to list- but very much fun & interesting. However, of special note, is the penultimate award- the venerated Edward N. Cole Award. Given to the most outstanding Corvair person at the convention based on scoring in competitive events. In 2023 Philip Levering with a late model yellow convertible was honored. All results will be posted in the upcoming Corsa Communique.

Musings & Return- Leaving the show proves stressful. People you have come to know & depend on but won't be seen for probably a year. You are leaving with better stories, a better Corvair and a weakened financial position. And so, they gather and come to these conventions. Drawn for reasons known and unknown- all trading in parts, advice, counsel & cash. Guarded tricks of the trade are whispered. The phrase "Where is ____?" is uttered. With cars & trucks shining, the attendees settle in for the Corvair business at hand – the magic of a Corvair Convention- Just Do One! Jack Webb would be proud 'cause these are the facts.

Treat Those Aluminum Heads with Care

By Richard Finch from Enchanted Corvairs Newsletter - Corvairs New Mexico,
Date unknown, Taken from the internet

Corvair people and other owners of cars with aluminum cylinder heads would be interested to know that piston-engine aircraft manufacturers such as Lycoming and Continental all advocate the use of graphite lubricant for spark plugs used in aluminum cylinder heads. Even the FAA recommends graphite thread lubricant to prevent galled or stripped threads in aircraft engines.

Champion Spark Plug Co. makes a liquid graphite-base spark plug thread lubricant that comes in a small bottle with an applicator brush inside that is a lot like a bottle of finger-nail polish, except the consistency of the liquid graphite is like thick paint. This spark plug thread lubricant is intended to be applied each time spark plugs are removed and installed, which is usually at about 100-hour intervals in most piston-engine aircraft. The Champion Spark Plug lubricant can be purchased at most local aircraft service centers and aircraft supply stores.

To prevent thread galling on our Corvairs', dress each new spark plug on a rotary wire brush to remove the manufacturing burrs, then use the thread lubricant before putting them in the cylinder head. Even brand-new aircraft spark plugs often have burrs on their threads. We can't expect ours to be any better.

CPCC Trip to Shady Brook Smorgsboard and Tour of Classic Auto Mall

Submitted by Carol Trimper

The day started out for many of us with heavy-eyes as we're not use to getting up so early. Don't you just love Retired Life?

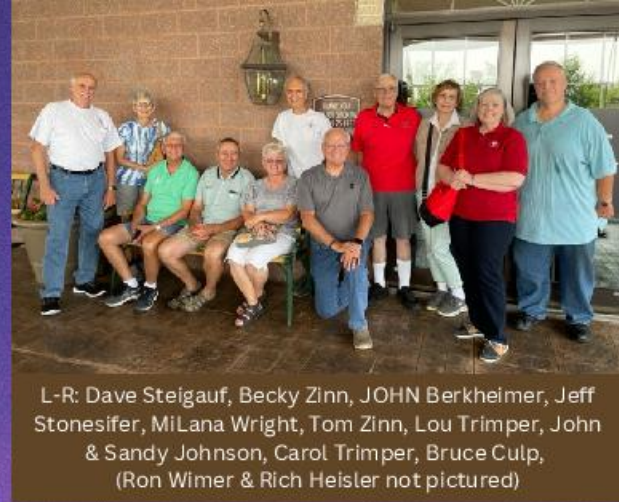

Members from the Hanover area gathered at JOHN Berkheimer's home at 7:30am. This included JOHN Berkheimer, Tom and Becky Zinn, and Lou & Carol Trimper. We then caravanned to the Rutter's at the Mountville Exit off of 30 and met Dave Steigauf at 8:30am. We then continued to Shady Brook Smorgasbord and arrived around 9:20am. It was a beautiful ride up to East Earl, PA. The fields with corn growing, Amish buggy's (and some bicycles) on the road and then all the fruit and plant nurseries were everywhere. I wish I could have stopped at every one of them!

We arrived at the restaurant and was seated together for breakfast. If you have not been to Shady Maple Smorgasbord, I highly suggest that you go at least one time. After breakfast, we gathered out front for a group photo (see above). We all gathered together in our cars and headed up to Morgantown. The trip was only 8 miles down the road. The caravan consisted of five Corvairs (Rich Heisler, Lou & Carol Trimper, JOHN Berkheimer (with Tom & Becky Zinn riding), Bruce Culp, Dave Steigauf, and three cars (MiLana Wright & Jeff Stonesifer, Ronnie Wimer, and John & Sandy Johnson).

The Classic Auto Mall had 900 cars on display! You could spend all day there and still not see all the cars. It was amazing! It is a world-class automotive consignment house and is just off the PA Tumpike outside of Philadelphia. The facility and grounds have plenty of room for indoor and outdoor automotive related events, car shows, car club meets, ride and drives, and more!

Classic Auto Mall has podcasts live every Saturday morning from 9am - 10am EST at Classic Auto Mall or on AmericasWebRadio.com. Listen anytime on Apple, Google, or Spotify. Join Stewart Howden (in photo) as he discusses all things automotive and speaks to industry experts, enthusiasts, historians, and maybe even a celebrity! Now that's something to check out.

We all had a great time together and it seemed to work better with us doing this event during the week instead of the weekend. It was much less crowded in all aspects of the day.

MINUTES FROM JULY 11, 2023 CLUB MEETING

Submitted by Carol Trimper

The meeting was called to order by our President, JOHN Berkheimer. He mentioned that the club won the Tony Fiore Newsletter Award at this year's convention. Unfortunately, it was not announced at the convention banquet.

Lou Trimper read the minutes from the last meeting.

The Treasurer gave his report. Bank account is in a positive balance.

Old Business:

- July 18th event to Shady Maple/Morgantown Classic Auto Mall trip was finalized. Group from Hanover area will meet at JOHN Berkheimer house. They will caravan to Rutter's at Mountville Exit (off Rt. 30) to pick up Dave Steigauf. A headcount of 14 members will be attending. Everyone should meet at the entrance door at 9am. Participants should wait at the door in order for all of us to be able to sit together. We will leave the restaurant at 10:15am. A count of 14 people attending was taken. Tom & Becky Zinn will lead us to Morgantown Classic Auto Mall.
- John and Sandy Johnson stated that they only had one ticket left for \$20 for the August 10th "Historic Chief Uncas Boat Excursion". Everyone will meet at the Rivertown Restaurant. Finalization of this trip will be discussed at the August 8th Club meeting. Tickets can be bought for \$22 at the boat for others who are interested. Boat will leave dock at 10am.
- Corvair Day award plaque's were discussed. Duane Aldrich showed the club the idea of a useful plaque where you can lay flat on the surface and it will hold your phone, pens, other small items. After discussions, it was decided that awards will be a plaque where the winners will be able to insert a photo of their car. Final decision will be made at next meeting in order to give Duane ample time to make the plaque's.

New Business:

- JOHN Berkheimer mentioned that Tom Zinn is selling his 1965 4-speed Corsa Convertible. It is Tahitian Turquoise with white top and white interior. If anyone is interested, please call Tom at (717) 688-4054. (Additional information is on Page 6.)
- Carol Trimper announced that Lou Trimper won the "Caption This" Contest for July. The winning caption can be found on page 11. *Congratulations Lou!*

Paul Miller gave a presentation of the 2023 Convention. He delighted us with stories, events, and encouraged everyone to attend at least one convention. *Thank you Paul!*

Lou Trimper made a motion to adjourn the meeting and seconded by Ronnie Wimer and the meeting was adjourned. The next meeting will be held August 8th at Hoss's Restaurant in West York, PA.

VP RAMBLINGS

Submitted by John Johnson

Can you believe it, this is August's Newsletter. That means that we are down to one more month of continual hot weather, before the gradual September cool down begins. August, September, October and November are also going to be busy for the Club as well. In August we have the boat ride, September brings Corvair Day and Pizza Party at the Aldrich's, October is a cruise to King's Gap and November takes us to see the train display at the Masonic Village.

We just finished a nice outing for us. We had a great breakfast at Shady Maple followed by a tour of the Morgantown Auto Mall. Some great cars, but I thought many were overpriced. I was talking to a visitor about this and he made this same comment during our conversation. Unfortunately, he had a car there for sale, a 1956 Ford Crown Victoria. As I was trying to remove my foot from my mouth, he said that the prices listed were just starting points for negotiations. Seems to me that some of the prices would discourage people from bothering to even negotiate. By the way, the price listed on his Crown Victoria was \$40,900. It was a nice car, but not where near being worth \$41K.

I want to talk about the August River Cruise aboard the Chief Uncas. The boat was the personal yacht of a man by the name of Adolphus Bush. He also is one of founders of Anheuser-Bush brewing company. It is battery powered and carries about 20 people. The Club has already reserved 13 seats for the August 10th cruise. The Club will meet at Rivertown Restaurant at 9:00 AM and caravan to the launch site for our 10:00 AM cruise. All the tickets I reserved are sold. The price is now \$22.00 per person. If you still want to go, you must call the Susquehanna Heritage Center at 717-252-0229 ext. 109 and reserve your seat and mention the CPCC Corvair Club when you call. If you wish to go, get a ticket ASAP.

Until the next, see you down the road.

**SILENT
AUCTION**

We are in need of Silent Auction items for our Corvair Day event. Please bring your donations to the August 8th Club meeting. You may also bring your items the day of the event, but please bring items in by 10:00 am.

Thank you!
