

NVCC, CORSA Chapter 220

Volume 40

Number 12

December 2023

The **HOT AIR MAIL** NVCC Club Door is Open.

The November Club meeting was held at Byron's Garage working on his 140 engine.

On the drive to Bryon's garage I came up behind a nearly camouflaged Corvair. Turned out he was also going to Bryon's and I got to meet new Club member, Jimmy Ditman and his Nice 1967 Monza Convertible.

The Northern Virginia Corvair Club (NVCC) publishes the HOT AIR MAIL newsletter monthly as a service to its members. NVCC is a non-profit chapter of the Corvair Society of America (CORSA). \$10 annual dues are payable January 1st, to "Treasurer, NVCC" at the address herein. All other correspondence and submissions can be addressed to the NVCC Officers. Original material appearing in the HOT AIR MAIL may be reprinted in other non-profit publications with appropriate credits.

With three Corvairs and nine Club Members present and after we checked out Jimmy's Corvair it was time to start picking up where we left off on Bryon's 140 engine at the July Club Meeting.

First thing he wanted to do was remove the old pilot bushing and install a new one. The engine was taken off of the stand and placed on a table so we could get to it.

Using the square nut & bolt method the bushing was removed.

A new bushing and bolted flywheel was installed, and clutch disk lined up with a cut off input shaft tool with the pressure plate next.

Next step was checking the ring gaps and installing the new rings onto the pistons and putting them into the jugs.

Jug assembly's were installed and rods attached to the crankshaft.

We left Bryon a head of the game. Baffles on, lifters installed and ready for pushrod tubes and torquing.

Please keep us posted on progress and Thanks for Hosting.

2026 Seems a Long Way Off, But...

2026? It's actually only 2-1/2 years away. No problem, right? Wrong. A successful event takes a LOT of planning and getting events lined up, speakers, awards, and most importantly, an idea of who can help.

From the top down, volunteers are the key to a successful event. We are in need of not only Event Directors/Chairpersons, but people to help in the operation of the events. We also need a Treasurer that is experienced with Quickbooks to help manage the finances.

We, along with three other local chapters, are taking the lead to get this convention rolling. Starting after the new year, we would like everyone to take a look at the events and areas in which we need volunteers. While we know things can change by 2026, help in the planning and organizing of events is just as important now as in 2026 with "boots on the ground". If we need to go outside of our core group, then we will. Until then, we want to give those in the core group first crack at the opportunities available.

If you have ideas for an event, a topic for a speaker, or even some thoughts on how to make things run smoother (I'm sure most of you that have gone to the other conventions have some comments on what worked, what didn't, and those "I wish they did..."), PLEASE let us know.

Also early next year, the 2026 Board will begin putting together promotional materials to be presented in Ohio and then in California in 2025. Again, to emphasize the way time disappears, from January 1st, Ohio is only 6 months away, California is 18 months away, and Gettysburg is 30 months away. Our logo is progressing, and below is our latest version. Thoughts and comments?

Upgraded suspension parts for the LM by Brian Brooksby

Here are the pictures of the complete LM suspension upgrade made by Nate Wolfe. I've driven his cars equipped with this set up and they handle like slot cars. I've received all the parts and they are top notch.

Front control rod replaced with adjustable Johnny joint. Front Lower arm greasable USA made ball joint, and spherical joint. Rear control arm with spherical bearing that no longer requires the small connecting rod as the control arm is locked down with no side to side movement.

Of Oil

Bob sent a link with an article about Diesel oil in a gasoline engine. Great discussion.

<https://www.motortrend.com/how-to/diesel-oil-in-gasoline-engine>

Here is richard1's reaction to the article above.

<http://corvaircenter.com/phorum/read.php?1,1171194,1171219#msg-1171219>

This Oil link on the Corvair Center has some good info and talks about Diesel oil use.

<http://corvaircenter.com/phorum/read.php?1,1172400>

richard1 helps us to understand Oil requirements for the Corvair.

2023 Meeting Schedule

***Meetings start at 9:00 am unless noted otherwise.**

NVCC Holiday Party

Sunday, Dec 10th at 1 p.m.

**Bryan and Ellie Blackwell
11115 Henderson Rd
Fairfax Station, VA 22039**

There is an Update to the Holiday Party Plan.

The Club will be providing a Fruit Plater and a Cold Cut Plater and all Drinks, cups, ice, plates and utensils.

Please bring a little something you would like for yourself and your guests.

Feel free to bring guests. The holiday party is just that - not our usual greasy tech session - so you're welcome to bring your "Corvair widows and orphans" :-)

Please **RSVP** if you will be attending.

Bring a wrapped Corvair related gift of \$10 - \$20 and pick one from someone else!

Don't forget Officer elections are in December, consider becoming an officer so someday you too can be an ex-something!

Note that the party is upstairs in the "Residence", not the downstairs "Shop". Follow the driveway signs around to the **Lightning McQueen** entrance. If you do park near the garage, walk on the right side of the house, past the Greenbrier, up the steps and you'll get to the same place.

Either way, please do not block the driveway, pull off the gravel into a clear spot and if possible leave room for others.

Remember, we have been given a special Corvair power. With that power comes responsibility. That responsibility is keeping this marque alive and viable for future generations. We still have the most affordable classic 60's cars in existence but we, as a club, need to be a part of promoting the Corvair as a really unique and cool collectible car. Let's keep on driving them, fixing them and promoting them everywhere we go.

Next Club Meeting Location?

If you have a Corvair that needs help, [let the newsletter editor know](#) to put you on the schedule to host a Club Meeting.

PS

I said I didn't want a new tie each year. I made it work.

APPLICATION FOR MEMBERSHIP IN NORTHERN VIRGINIA CORVAIR CLUB

A Chartered Chapter (220) of CORSA, The Corvair Society of America

Date of Application: _____

Last Name: _____ First Name: _____ Birthday: _____

Street Address: _____ City: _____ State: _____
