The first part of our July meeting was held at the Fitzgerald Auto Mall lot with our Corvairs parked in the front open row for all customer and public viewing. Several people kept us busy answering questions about this rear engine car made by Chevrolet. We then moved into our monthly meeting room at the dealership to enjoy snacks and drinks. We discussed the Gettysburg convention photo shoot which would include five Corvairs from both CPCC and MMCC. And we then discussed upcoming car shows and the locations for our August and September meetings before ending the meeting.

On Monday morning 07/21/25 our convention photo shoot was completed at three locations; the PA State Memorial on the battlefield, the parking lot for the autocross location at Battlefield Harley Davidson and the grass concours area in front of the Wyndham hotel. We then enjoyed lunch at the Gateway Family Diner located immediately in front of the hotel. A selection of these photos will be used in the CORSA Communique and other publications to promote our convention up to our convention date.

I hope that everyone has had the opportunity to sign up for a volunteer position within our convention roster which we hope to have available in several months to all sponsor club members. Keep in mind you can sign up for multiple volunteer positions which allow you to become familiar with multiple events while meeting new Corvair friends at the same time.

Our 08/14/25 Thursday evening meeting at 6 PM will be held at Tapias on Main restaurant, located at 203 E Main St., Middletown, MD 21769 and spouses are definitely invited.

And, instead of our September picnic being held at a park location, Bob McNamara has stepped forward to have our picnic at his residence. We hope to have this event on a Saturday or Sunday in September. Once a date has been selected, we hope to post a sign up sheet for everyone's food and drink donation for the picnic.

Try to stay cool and hydrated during these hot summer days. Take advantage of the early morning hours for a Corvair ride.

"Remember, it's all about the drive" - McKeel Hagerty.

Happy Vairing!

MMCC Annual Picnic

Our annual club picnic will be on Saturday, September 28th 2025 at 2:00 PM.

The location will be at the home of Bob and Cindy McNamara. They have graciously opened up their home to us for the picnic. Their address is 1408 Pleasant View Drive, Tuscarora, MD 21790. There will be no September club meeting due to our club picnic event.

The club will provide the hot dogs and rolls- what we need from you are the rest of the goodies: sides, drinks, condiments, desserts, plates, napkins, cups, and plasticware.

Please email me (Carletta, The Cookie Lady) at snope2@comcast.net with what you want to bring and I'll keep everyone informed with what is needed. If you have any questions, please let me know.

Convention Coordinators (Team Leads) Needed

While the traditional duties of the Convention Event Coordinators have changed, the CORSA expectations have not. We need someone to step up and “wear the badge” for these last seven areas. These areas are:

- 1) Welcome Party/Cruise In
- 2) Car Display
- 3) Economy Run and Driving Tour
- 4) Banquet Arrangements
- 5) Meeting Room Coordinator
- 6) Corvair Parking
- 7) Printing

If you are able to “wear the badge” for any of the above events, please contact Tom or Dianna. Their contact information may be found on page 2 of this newsletter.

Member Spotlight: Mike Coraggio and his Replica Yenko Stinger!

Above: Spotlight member Michael Coraggio

Right: Michael riding down the road on his 1985 Honda Nighthawk.

Planes, cars, motorcycles, trains, I've always loved them all. As a kid, I read every book and magazine about them that I could get my hands on. I began modeling when I was about five, primarily building and painting cars and planes.

When I bought my first motorcycle, I was hooked on wheels. I rode every chance I could, mainly long distances on the back roads. I treasured every minute of being one with the road.

Over the years, I collected what my wife began calling my “stable” of classic bikes. I discovered each bike’s uniqueness: British, Italian, American, German, and Japanese. I “exercised” a different one every clear day—I loved riding and working on them and became a real wrench twirler. Building a 1977 BMW R100S from scratch was one of my most memorable experiences. My garage is my inner sanctum. It was a real bummer when life intervened, and medical issues caused me to stop motorcycle riding after 43 years. That’s when my wife, yes, my wife, suggested I turn my attention to and apply my mechanical experience to classic cars. The hunt for the perfect vehicle began.

My dad had a 1962 Corvair four-door in metallic gold. I thought getting a Corvair would give me a connection with him. Also, since there was a local Corvair club, I would have access to guys with knowledge and experience with Corvairs.

(Continued on page 15)

(Continued from page 14)

I read and researched everything—cars, the market, prices, buying and selling, car shows, auctions, clubs, people, etc. Talking to the experts near and far was an incredible trek through the classic car world. That's how I met local Corvair guru Richard Kaetzel.

I found a 1968 Monza coupe restored as a Yenko Stinger replica in Pennsylvania. Richard Kaetzel helped me a lot getting the car down here and sorting it out. The brakes needed to be rebuilt, and the engine made a terrible, rattling noise.

Restored 1968 Monza coupe Yenko Stinger replica

I took it to the Corvair Ranch, and they found a washer had been dropped down the carburetor and worked its way into a cylinder. It bounced around, causing severe damage to the cylinder walls and the piston face. Fortunately, since the engine jugs are separate, only one had to be replaced. The bores were opened to a larger diameter.

Brett rebuilt the engine to race specs with four single-barrel carbs and a hotter cam. The car tended to diesel, so I asked Levi to install a Crane electronic ignition. He set the timing to 16° BTDC and recommended using the highest octane fuel (93) and mixing in some racing fuel.

(Continued on page 16)

(Continued from page 15)

The car no longer diesels and runs noticeably smoother and quieter. Since I don't drive the vehicle frequently, I feel all this is a trade-off for the higher fuel price.

*Above: the engine compartment of the Yenko replica
Below: a photo of the model made to match the car.*

The interior needed a little work. I replaced the tiny, aftermarket chain-line steering wheel with a stock Corvair model, installed carpeting in the trunk, and replaced the seats with the more comfortable bucket variety. Levi and I installed shoulder seat belts.

Letter From The Editor

Greetings, everyone!

Sorry that this issue of the newsletter is so late- in fact, a month late. Unfortunately, there have been a large number of things that hit the platter and there's only so many hours in a day. , Also, the passing of longtime member Doris Utz needed coverage in the newsletter, so the addition of those pages took time as well.

Her passing reminds us that time goes by so quickly- the last event (that I recall) that she and her husband were able to attend was the annual picnic three years ago. Speaking of picnics, please remember that the picnic will be on the 28th of September, and please bring a dish to share. Hopefully you can attend and share the comradery and friendship with fellow Corvair enthusiasts.

After noting that the meetings had been getting thinner and thinner, I suggested to Tom that we start including food and fellowship into the meetings. So, the past few meetings we've had either a dinner meeting at a local restaurant, or having a potluck of light munchies at the dealership venue. This has increased our turnout on meeting night, which we hope will continue. Which do you and your spouse/significant other prefer? Any suggestions for other places to have our dinner meetings? Please let Tom know your thoughts!

Current ideas are for a couple of meetings to be at Ledo's just south of the dealership where they have a private area by the bar that holds around 30 people where we can dine and meet without the distractions caused by other patrons.

Have a Happy Halloween, and I'm sure many of you will participate in local Trunk-or-Treats car shows (I think there's one in Hagerstown), but then for many of us, it will be time to start putting the Corvair away for the winter. Please be on the lookout for information on our annual Holiday Party!
