Racin'

Scott Allison was pit crew for several Corvair Racers during the SCCA Solo Nationals at Lincoln Park in Nebraska. The event ran from September 1st to 6th. Scott reported, "Four Corvairs were there and they all went back on the trailer under their own power. No towing off the track. No Trophies for the group, but all did well." Pictured front to back are Dick Berger's roadster, then Charlie Clark's and Travis Bolton's coupes. Scott Allison Photo.

Fall Turns Out to be Corvair Fix-it Time

With the milder weather Corvair activity has increased. The Kalp shop has experienced an uptick in

member Corvair fix-up sessions. Terry traveled to Goddard to look over Randy Wier's shoulder as he fired up the engine in his EM Corvair convertible for the first time. From the way it sounded the beautiful Monza will run as great as it looks.

Lyle Ackerman is getting out and about. He drove the '62 coupe to the Kalp shop to check out a no headlight problem. After a bit of investigation a bent pin on the light switch was preventing the plug from fully seating, a simple fix once found.

Bob Ferenc dropped by with his Spyder for a tune. The tune turned into the replacement of a broken generator end plate and a spark plug insert repair.

Pre-meeting Eating At Hog Wild BBQ

Some MCCA members will be gathering at Hog Wild Bar-B-Q at 630 E. 47th St. South, Wichita, to eat before the September 13th meeting. So bring your appetite and join your friends starting at 5:30-6 on Saturday.

MCCA members line up for a group photo after Lloyd Folger's Memorial Service. Not pictured are Marcus Trotter and Bob Ference, who took the photo.

Lloyd Folger's Life Celebrated

Immanuel Baptist Church in Wichita was filled with Lloyd Folger's friends and family on Saturday morning, August 16th. Included in the crowd were 18 members of MCCA. Lloyd was a member of the Corvair club for decades and contributed much over the years.

Ten member Corvairs were parked in a special spot, just outside the church entrance. Most of them drove into the service as a group. Many club members ate at Cracker Barrel after the service.

'25 Roundup Caravan Trip Planned

For those who want to caravan to The Roundup, some MCCA members will meet at 9 am on Friday October 3rd at the Quik Trip in Derby on K15 and 71st St S. Jay Allen has come up with the route.

Jay's route should take about three hours and ten minutes drive time. Any breaks or stops would need to be added to that time.

Some folks are traveling down to Claremore on Thursday. Dennis Fuller and Mark Welte both have announced plans to cruise down on Thursday. Those wanting to drive on Thursday may want to contact one of them.

Photos Needed for MCCA 2026 Calendar

It is time for MCCA members to provide photos of their Corvairs for the 2026 MCCA calendar. There are many club Corvairs that should be in the calendar. Deadline for photos is Thanksgiving. If you have an interest in the calendar project contact Terry at 316-882-3056.

Existing photos may be used or new photos can be taken. Terry will take photos of your Corvair if

needed. All Photos and orders will need to be to Terry by the end of November. This is not a fund-raiser

the calendars will be sold at cost (\$15-20). If you have questions contact Terry.

The Mulvane Historical Museum's main entrance is located in the former Santa Fe Railroad Depot. The depot was constructed just after the turn of the 20th century and was taken over by the museum in the 1980s.

September Trip History & Burgers

The September Road Trip is set for Saturday, September 27th. The day will start with MCCA members meeting at the McDonalds on 47th S and Broadway in Wichita. For those who want to eat a quick breakfast, they should arrive by 9:00 am. The group will depart at 9:30.

The caravan will head South on 81 Hwy. to The Mulvane Historical Museum located at 300 W Main St, Mulvane, KS. The main portion of the Museum is located in the former Santa Fe Depot that was built in 1910, the museum was dedicated and opened to the public on August 19, 1983. The free entry museum has

various displays that show what life has been like in Mulvane since the founding of the city.

After the museum tour the group will travel to Peck, Ks and eat lunch at The Burger Barn 1499 N Meridian Rd #9046, Peck, KS. The Barn features Cheeseburgers, chicken-fried steak sandwiches, plus other comfort foods in a casual log cabin setting. Outdoor seating optional

The Burger Barn in Peck features a rustic, log cabin setting and a great selection of comfort food.

This large, hand crafted doll house is just one small part of the displays at the Mulvane Museum.

First Fridays

Several MCCA members were planning on attending the September First Friday Show and Shine at Central and West streets, but the event was cancelled because of rain.

The October First Friday Show and Shine is scheduled for October 3rd. Hopefully the weather will cooperate. Remember to bring a chair and your walking shoes to the show. First Friday is a Mel Horstman Award Event.

August Breakfast

The Copper Oven Cafe was a great location for the August MCCA Breakfast event. The group gathered at the cafe on Saturday, August 23 at 9 am. MCCA members filled four tables and enjoyed a great fare of traditional breakfasts and other comfort food. Several folks were spotted carrying take home bags of Cinnamon buns from the bakery counter.

There were four Corvairs in the parking lot, all Late Model (1965-1969) Corvairs. Early Model Corvairs (1960-1964) need to get their owners on the ball and start showing up at MCCA events.

The breakfasts are a great opportunity to visit with fellow club members and get a great meal. The September event will be a Road Trip to Mulvane and Lunch in Peck on September 27th.

Four Corvairs were in the Copper Oven for the August MCCA Breakfast. Pictured are Terry Kalp's and Jason Pool's Corvairs. Also driving Corvairs were Randy Wier and Roy Juenemann.

Ran When Parked

This Ran When Parked 1966 Monza Convertible was submitted by MCCA member Dennis Fuller. Critters have packed the engine compartment with nesting materials until only the air cleaner is visible. It would be a real mess to clean out. Send your Ran When Parked photos to tkalp@cox.net.
