From the Editor's Garage

A few updates on the 2027 CNY Corvair Recall as we continue to move things forward!

First, we have a food truck! Potters Pop Up Kitchen is joining us for the Recall, and the menu looks fantastic. A big thank you to Corina for researching and evaluating several options and getting this one locked in for us. Another piece of the puzzle checked off!

Jim has the webpage ready to go and will soon be making it live on our homepage. Thank you, Jim, for getting that together! At our Thanksgiving dinner, I will also have advertising packets available for anyone interested in helping us solicit advertisers for the Recall program. Every bit of help is appreciated.

Advertising for the show will begin in the January/February issue of the CORSA Communiqué and continue through June. Our Facebook advertising is also ready to go and will start appearing in various car show groups over the coming weeks. We're getting the word out and building momentum for another great Recall!

As I mentioned in the last newsletter, I'll be doing some work on the Corsas in preparation for the 2027 convention, so that car has claimed the prime spot in the garage.

I also have a list of parts I need to purchase from Clark's, but I'm not planning to make the trip myself. If anyone will be in Connecticut or heading to Clark's and would be willing to pick up some parts for others, please let me know. It would be a big help!

Speaking of the convention, are you planning to attend? Hotel rooms are available for booking now, so if you're thinking about going, this is a good time to make your reservations.

For a little winter reading, over the next five issues I'll be including some early editions of The Fan for everyone to enjoy. I find it fascinating to look back 50 years and see what the club was doing, what the trends were, how much things cost, and even the fashions of the day. It's a fun glimpse into our club's history and how much (or how little!) things have changed over the years. For this issue, I've included the November 1973 edition of The Fan. I hope you enjoy taking a trip back in time!

If we don't see you at the Thanksgiving dinner, Kate and I wish you and your family a very happy Thanksgiving. Enjoy the holiday, and we'll look forward to seeing everyone soon!

**Next meeting is November
15**

1:00 p.m.

“The Prez Says”

With our Corvairs tucked away for the winter, now is a great time to start thinking about the year ahead. While some of us may be working on our cars or planning upgrades, we can also think about ways to make our club even more enjoyable.

Our shared passion for Corvairs brings us together, but our club is about much more than the cars. It's about friendships, shared knowledge, laughs, and experiences. And we don't have to wait for summer to start making plans for more of those memories!

Let's Make Some Things Happen!

Winter gives us a chance to get a few projects and activities ready for next season. Here are some ideas where a little help from our members could make a big difference:

Improve our valve cover racing track. A few repairs and upgrades could make next season's racing even better. This could be a fun winter project to tackle together.

Plan a spring or fall club drive. A scenic route, an interesting destination, and lunch with friends can make for a great day. Have a favorite road or destination? Help us plan it!

Organize a technical session. We have plenty of knowledge and experience among our members. An informal garage session or presentation on maintenance, troubleshooting, or restoration could benefit everyone. You don't have to be an expert to help organize one.

Help find advertisers for the Recall book. Local businesses and personal connections can be great leads. Even a phone call or introduction can help.

These are just a few possibilities. If you have another idea for an activity or project, let's hear it. Sometimes the best ideas start with a simple conversation and a willingness to give something a try.

Everyone Has Something to Contribute

Getting involved doesn't mean becoming an officer or taking on a major responsibility. It might mean helping with the racing track, making a few calls, choosing a drive destination, hosting a technical session, or simply sharing an idea.

When more members pitch in, the work is easier to share, we have more ideas, and we create more opportunities to enjoy our hobby together. You don't have to do everything. Just find something you'd enjoy helping with!

Let's Get Excited About the Year Ahead!

Winter is a great time to look ahead and start putting plans together. What activities would you enjoy? Is there something new you'd like to try or a skill you could share?

Adding a few activities could also help us attract new members. A club drive, technical session, or casual get-together gives prospective members a chance to meet us, share our enthusiasm for Corvairs, and see what makes our club special. More opportunities to get together mean more chances to make new friends and welcome new members.

We don't need an elaborate plan to get started. Sometimes all it takes is one person saying, “That sounds like fun. Let's do it!”

Corvairs bring us together, but the friendships and shared experiences are what make our club special. Let's make the coming year about more than getting our cars back on the road. Let's make it a year of new ideas, greater involvement, and plenty of fun together!

I'm looking forward to seeing everyone at our Thanksgiving dinner on Sunday, November 15. If I don't see you there, I wish you and your family a very happy Thanksgiving!

Lew

and plan on joining us!*

October Meeting Minutes

Meeting held on October 1, 2026

- Attendance: Lee E., Corina + Billie, Lanny, Wayne, Tim, Kevin, Neil, Laura, Mike F., Lew + Marge G., Jon + Marianne, Dave + Marge, Dave Carnes, Diane + Rich, Bill + Robin, Ed Dennis + Cathy, Lee H.
- Meeting called to order at: 6:43 PM by Lew
- 50/50 drawing prize \$46.00 was won by Mike F. who generously donated the prize to the club. Thanks Mike!
- Treasurer's report was given by Kevin.
- Secretary's notes- Motion to dispense with reading - 1st Lee E., 2nd Lanny. Motion carried.

Old Business

- Thanks to all who represented at shows with Corvairs.
- Congratulations to Kevin and Lew for September trophy wins!
- Lew talked of building excitement in 2027 with more activities and events.

New Business

- Our Thanksgiving Celebration / November meeting will be on Sunday November 15th at Jake's Grub n' Grog.
- Hors d'ouvres at 1:00 PM, buffet dinner at 2:00 PM.
- Lew revealed a prototype flyer Neil designed for our 2027 Recall. Dave R. suggested that times be added.
- Marge made and Corina seconded a motion to vote. Use of the modified flyer has been approved.

- Lew has signed the contract with Hampton Inn Syracuse Clay for Recall 2027. Their corporate offices were impressed by 2026 show photos and are excited to have us return. Rebecca (manager) has agreed to use of the same lawn for our Corvairs, a tent near back entrance, and our raffle event in the restaurant area.
- The hotel's linked app. for booking is active. A block of 15 rooms for Recall is available at similar rates to last year. When booking be sure to verify how many nights have been booked for you, as they have us listed as a Fri., Sat., Sun. event. Clarify whether or not you intend to stay Sunday night.
- Diane and Robin proposed that we have our after Holidays Celebration Meal at Jake's on Sunday January 9th, 2027. Corina and Neil made and seconded a motion to take a vote. The proposal was approved. Menu to be discussed at November meeting.
- Our next meeting will be on Sunday, November 15 after our Thanksgiving dinner.
- Meeting adjourned at 6:56 pm Motion Robin, 2nd Rich. Motion carried.

CORSA News You Can Use!

In the November / December issue

- Get Ready for the 2027 Convention in Franklin, TN! Hotel reservations are now open. Reservation information is in this issue of the Communique. The room rate is \$169 + applicable taxes- and with this price you get a great value. This is a newly renovated hotel with beautiful rooms and common areas.

All the rooms are large suites; free made-to-order breakfast every morning and free cocktails and snacks each evening. To assist with your planning, starting the week of July 11th, 2027, pre-convention activities begin on Sunday with registration, vendor setup and sales, followed by a fun evening event with prizes.

The main program runs Monday through Thursday, concluding with the Awards Banquet on Thursday evening. A special post-convention visit to the Lane Auto Museum is planned for Friday morning, July 16th, for attendees to enjoy on their way home.

Monday features Concours meetings and Operations check, a Welcome Gathering with People's Choice Car Show and the always fun Valve Cover Racing. Tuesday is Concours Day and a local tour; Wednesday is Autocross Day; and Thursday features Competitive Driving and the Awards Banquet. Each day will also offer Tech Sessions, Specialty Chapter Meetings, opportunities to shop for parts, and time to visit with friends in the hotel's beautiful atrium.

Much more information will be shared in upcoming issues of the Communique. Registration for the convention will open in early 2027.

There are many beautiful places to visit in the area. Plan your vacation here: [Visit Franklin](#) | [Official Guide to Franklin, TN](#)

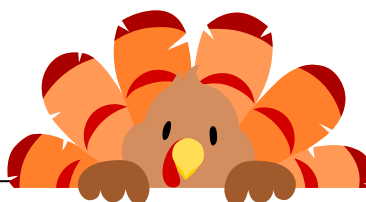

While you make reservations, please consider volunteering to help at the event. CORSA is hosting and counting on our members to help make this a great time! Use the QR code in the Communique!

Check out Motorweek – a visit to the Gettysburg Convention! Click here to watch the episode that highlights our great event: [MotorWeek | 2026 Aston Martin DBX S | Season 46 | Episode 6 | PBS](#) (the CORSA segment is halfway through the episode).

Get started on holiday gifts - the Club Store has a special offer: Buy one item, get another at 50% off! Enter code BUY50 at checkout. And remember- your purchase supports CORSA!

Kitchen Corner

By Rita, kc2gft

Butternut Squash and Green Beans with Maple Syrup

Ingredients

- 1 large butternut squash, peeled and cut into 3/4-inch cubes
- salt and pepper
- vegetable oil
- 1-2 pounds fresh green beans
- 2 tablespoons butter
- 1/2 cup slivered almonds
- 1/3 cup maple syrup
- dash of allspice (optional)

Instructions

- Place the squash cubes on a large baking pan.
- Drizzle one to two tablespoons of vegetable oil over the squash. Salt and pepper to taste.
- Bake the squash for 20 minutes or until nearly tender, turning once during cooking.
- While the squash is cooking steam the green beans until they turn color and start to become tender.
- Do not overcook the beans; they will continue to cook in the skillet.
- While the beans and the squash are cooking, melt the butter in a large, non-stick skillet.
- Place the slivered almonds in the butter and sauté for several minutes.
- Place the squash and the beans in the skillet with the almonds. Pour the maple syrup over the vegetables and stir.
- Cook until the dish is hot and the vegetables are nearly tender, stirring often. Add more salt and pepper to taste.
- Serve hot.

CENTRAL NEW YORK CORVAIR CLUB - CORSA CHAPTER 130

THE CORVAIR FAN

CENTRAL NEW YORK CORVAIR CLUB
NOVEMBER 1973

THE NOVEMBER MEETING IS SUNDAY, NOV. 18th

The November meeting of the Corvair Club will consist of two parts - a road rally and a supper-meeting.

The rally is under the direction of Lori Heselton, who has prepared the questionnaire, laid out the route, and will be in charge of dispatching the cars. For this part of the program we will assemble at the parking lot of Marcellus Junior High School on Route 174 near Stevens Chevrolet. Lori has promised us a rally somewhat more difficult than the last two or three. Assemble at one-thirty PM.

The destination of the run will be Ron Fausak's home. Ron lives on Route #31 about a mile or a little less west of Port Byron. Mrs. Fausak has invited the members to be guests at a chili party, after which we will have a brief meeting, swap a few lies, and otherwise enjoy ourselves.

Entry fee for the rally, restricted to Corvairs, of course, will be the usual \$2. In addition there will be an assessment of \$1 per person to help defray the cost of food and drink. This last was rather frowned upon by Ron and Mrs. Fausak, but it is only fair to help buy the supplies, so be prepared with your buck.

THE OCTOBER RALLY & PIZZA FEST.

Turned out to be quite a success. You will find some pictures on the second page of this Fan. A sunny fall afternoon, a nice ride in the country, and a pizza feast at Sam's Drive Inn all contributed to a good afternoon's fun.

First place in the rally was won by Ron Fausak, second place by Joe Gallagher, and third by Ed Zintek. Each received a trophy.

WHAT WOULD YOU LIKE TO DO?

You will find elsewhere in this issue a coupon. Please fill it out and return it to us. We are especially interested in your answer to the question "What are you interested in?" Mail the coupon back to us, hand it in at the meeting - but get it back to us. Please!

MEMO TO OTHER CORVAIR CLUBS

(Copied from last issue of the Fan.)
"This issue of the Corvair Fan is being sent to all other Corvair Clubs of which we have a record, in the hope they will reciprocate and send us their newsletter, bulletin, program, or any other publication. Secretaries, please note."

We were pleased to receive responses from Corsa Northwest, Renton, Washington; San Francisco Bay Area Chapter, (The Spyder Web), and Corvair Comments from Group Corvair, Washington, D. C. These publications will be available for your viewing at the November meeting.

This issue is also going to the other clubs, and we hope more will respond with a copy of club newsletters, etc.

Also received a letter from Dave Newell of SFBA Region from which I quote; "...Hope to see a group of Central New York cars at the National Convention in the Midwest next year." Which leads me to ask the question:

WHY NOT A CLUB CAR?

A joint project of all club members - acquire a basically sound vehicle and fully restore it to original condition or better. Enter it in the national convention and shoot for top prize. Give this some thought and let us know your reaction.

NEW MEMBERSHIP CARDS.

Herewith an illustration of the new membership card, now being issued to all paid up members on a yearly basis.

DECALS, PATCHES, RALLY CARDS

The Club, through the good offices of Ed Zintek, has accumulated a supply of all of the above goodies, which are available from Ron Fausak. Each member is entitled to a decal for free. Negotiate with Ron or Ed for the other items.

WHEN WAS YOUR LAST OIL CHANGE?

Your owner's manual recommends an oil and filter change "every 60 days or 6,000 miles, whichever occurs first." That's a minimum of 6 times per year! However, discerning Corvair owners who want to make their cars "live" often change oil every 2,000 to 3,000 miles, and filters, too.

LIFTED INTACT FROM "CORVAIR COMMENTS."

"Ye Olde Prexy Column" by Woody Schwartz

Bob Walker, our MWCSSC Rep., recently informed me that Sears Roebuck & Co. will no longer sell batteries for Corvairs. Because Sears batteries will not accept the Delco vented caps, they feel their batteries present a hazard to the Corvair heater. A Sears battery can still be purchased by stating you are buying the battery for another car or truck, taking the battery with you and installing it yourself and giving them an old "trade in" battery out of the car. It's a sad situation when you have to "fake it" in order to get parts for your Corvair, but it appears that's the way it is with Sears. If any club member can supply me with the proper Sears battery numbers we will publish them in the next "COMMENTS" so that our club people can go in and ask for the proper number without stating the make of their car.

Of interest.....General Motors has asked federal safety officials for a rule change so they can use the square headlights now common in Europe. We may catch up with the Europeans yet.....Speaking of GM, they have had to delay the start of installation of some 100,000 air bags planned to go into 1974 big Buicks, Olds, Caddys as an option. The Cause??? The Government. It seems they couldn't decide on the standards for the dummy to be used in testing air bag systems. The Government's delay became a GM delay. First time that I can remember Government red tape having a beneficial effect on anyone..... Here's another addition to this month's grab bag of "REAL WINNERS". EPA just discovered that oxides of nitrogen (NOx), long labeled as the magic ingredient in photo chemical smog, may be OK after all since nature, (trees and plants) produces more than 80% of it in the atmosphere anyway. Also, we should understand the fact that on a worldwide basis, Mommy Nature is responsible for six times the hydrocarbons and ten times the carbon dioxide as industrial man. I suppose I shouldn't have said that because some Government official might just try to write a law making nature illegal. It really makes a person wonder if Ralph Nader is the only one that goes off "Half Cocked" on issues of importance.....

"Him? He's an ex Corvair fan— he drinks to forget."

DASH PLAQUES ARE ORDERED

Ron Fausak advises the dash plaques for our various rallies have been placed on order and will be distributed when available. These are being sponsored by Auto Driveaway of Syracuse, whose advertisement appears herewith.

If you are interested in driving one of our cars to Florida or the west coast, almost free transportation, call Bob W. or Mattie Bayly at the number shown.
