Drippy Leaks & Flyin' Fanbelts

November 2026 - February 2027

The newsletter of the Mid Maryland Corvair Club (MMCC), Corsa Chapter 217— www.Corvair.org/chapters/chapter217

A Final Nod to the 250th Birthday of America

On The Cover:

A final nod to the 250th Birthday of America- Zenobia Shriners Betsy Ross Corvairs: Roughly 22 late-model Corvair convertibles were painted in a Betsy Ross flag theme in the 1970s by Zenobia Shriners Temple members in Northwest Ohio for parades and charity fundraising. They featured flags, CB radios, musical horns, and Shriner emblems .

Do you have a Corvair-related photo that you would like to share and perhaps be on the cover of an upcoming issue of the newsletter? Would you like to be in the ***Member Spotlight****? If so, please email your picture along with a summary of the picture to our newsletter editor/ webmaster, Dianna Moy, at dianna.nicole.moy@comcast.net. Please note that the newsletter is posted on the CORSA website and is sent worldwide.*

ABOUT THE CORVAIR RANCH

The Corvair Ranch began on its current site as a hobby by John Goulden, in the early 70's. In 1975 Jeff Stonesifer (the current owner) started working with Corvairs and began his involvement with John. It later became apparent that the hobby had the makings of a potential business, so in 1986, Jeff took ownership of the property and officially started the Corvair Ranch. The business continues to flourish as a full-time Corvair repair and parts business.

The Corvair Ranch, Inc. displays some impressive statistics. Over 600 Corvair cars, trucks, and Ultravans are located on the property along with six tractor trailers full of heavy drivetrain parts including Powerglide and three and four speed transmissions as well as differentials, axles, and body panels of all descriptions. Five buildings provide further parts storage, office, and service space.

Within the main four-bay service building, all models of Corvair can be completely serviced from the smallest early convertible to twenty-four foot long Ultravans, and everything in between. Several members of the staff are also certified PA State inspection mechanics. Complete Corvair-only service has been the mainstay of the Corvair Ranch since its conception.

Services provided by the Corvair Ranch, Inc. include upholstery, mechanical, paint, and complete rebuilding of Corvairs as well as machine shop for full remanufacturing of engines. Additionally, the Corvair Ranch has served customers in the past by helping them to buy and sell their Corvairs to other enthusiasts.

Mid-Maryland Corvair Club (MMCC)

...is a Chapter of The Corvair Society of America (CORSA) and is a group of enthusiasts who enjoy and appreciate all aspects of Chevrolet's Corvair automobile.

We are an informal group that welcomes anyone who shares this interest whether you own a Corvair or not. Club activities include participation in parades, a shared Car Show in August, driving tours, a family picnic, and our Annual Christmas Dinner.

Club Meetings are held at 7pm on the 2nd Thursday of each month at Fitzgerald Auto Mall, located at 114 Baughman's Lane, Frederick, Maryland. Annual Dues are $15.00 payable in July of each year and cover individual and family membership.

From The President

"Fall is that beautiful time of the year between sweat and frostbite". - Unknown

We enjoyed a great club picnic in September at Bob & Cyndi's beautifully decorated, Halloween themed home. The skeletons housed in a rustic car in the front yard speaks highly of their classic car interest. And Bob's pole building, where we enjoyed much food and social time, is the perfect example of an automotive workshop that any vehicle hobbyist would enjoy 24/7.

Thank you Bob & Cyndi for your hospitality.

Our October club meeting at the dealership generated good discussion and issues of consideration. Bob Millard advised us CORSA sent us a convention overage profit check in the amount of $3059.25. This amount was also forwarded to our other three sponsored Corvair clubs so I have to say our convention expenses were reviewed in an excellent fashion. I did then send Titus Stewart and the CORSA board a 'thank you" for this payment to benefit our club and a portion to benefit our community as well. Bob then said our current club treasury amount is $5,149.32.

When discussing a location for our club holiday dinner, Mike Strausbough suggested the Woodsboro American Legion, of which he is a member. We scheduled our dinner for Sunday 01/10/27 at 2 PM. Mike also said employees at the Legion can cook our meal selection and this would be our only expense involved. We decided our holiday meal would be turkey and all related side items. I then advised everyone since our convention was such a success with monies coming back to our treasury that payment for our dinner will be paid by our treasury dues and dinner will be provided to all club members free of charge.

Regarding our club newsletter, due to the small amount of articles presented to our club on a monthly basis, we made the decision to print three newsletters per year. A spring, summer and fall/winter issue. Always feel free to send articles of interest, Corvair cars and parts for sale and anything newsworthy to either Dianna or myself.

Our MMCC bus trip is on schedule for 11/21/26, visiting both the Classic Auto Mall and the Shady Maple Restaurant. At this time we still have five available seats if you are interested. The bus expense is $50 and the lunch smorgasbord is about $22. Jeff from the Ranch will be our driver for the day.

For those of you that have not yet seen our convention five minutes of Corvair video fame in the recently aired Motorweek episode, here is the you tube link to that episode. The convention part of this episode starts around the 7:30 time line. Good interviews with both Titus Stewart and Bill Hubbell.

https://www.youtube.com/watch?v=qF3nxc8ZVJE

Ron Moss stated he still is experiencing problems with his home computer system, and if you receive any emails from him, please immediately delete them, as they would be fraudulent emails.

Our November 12, 2026 club meeting will be held at Tapias on Main, 203 E. Main St., Middletown, MD 21769. We will meet around 6:30 PM.

For those of you that have not yet paid your annual club dues, 11/01/26 is the last available payment date to remain a Mid-MD Corvair member.

The beautiful fall weather with vibrant foliage and cooler weather is now upon us. Soak up this time with Corvair rides to .....where ever.

Happy Vairing!

Tom Rahochik Club President

Gettysburg– Celebrating America's 250th More Than A Civil War Battlefield

As most of you know, the annual CORSA Convention was held here in Gettysburg, but did you know that Gettysburg has ties to World War II?

The town has a long list of World War II ties: president and D-Day commander Dwight D. Eisenhower maintained a home there. It was also the site of a secret U.S. Navy mapmaking office, an army psychological warfare training camp and a POW camp on the Civil War battlefield where German prisoners worked picking fruits and vegetables. Gettysburg has applied for American World War II Heritage City status from the National Park Service.

There's a new museum in Gettysburg that doesn't tell any of the Civil War stories that we hear all over town– it tells the stories of the involvement of this Civil War town during a much more recent war, World War II.

Frank Buck and his wife Loni invested over $7 million dollars to construct three 12,000-square-foot buildings on 30 acres of farmland near their home about five miles north-west of Gettysburg. that contain everything from Sherman tanks and other vehicles to a collection of World War II uniforms, helmets and weapons on display.

Near the end of 2023, Frank sadly passed away leaving this amazing museum to his family. The family plans to continue operations with little impact to tourists. Check out The World War II American Experience, which is located at 845 Crooked Creek Road in Gettysburg, Pa 17325. https://visitww2.org/

Hours are seasonal-

Winter Hours (January through March):
January: Closed for regular hours. Group venue rental and tours by appointment.
February & March: open Friday & Saturday, 10am-5pm and Sunday 12pm-4pm

Summer Hours (April through December):
Monday, Thursday, Friday, and Saturday- 10am-5pm,
Sunday 12pm-4pm, and
Tuesday and Wednesday- Group venue rental and tours by appointment.

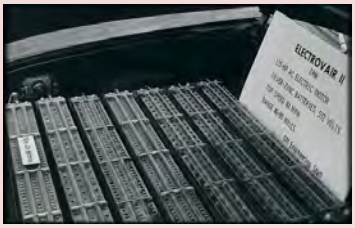

Think Tesla Was The First With An Electric Car? Think Again.

Cars being run by electric is nothing new. There were electric cars back in the early 1900's! Yes– and they're on display in the National Automobile Museum in Reno, NV. One of MMCC's members took his driver's test in an electric car in the 70's, has a Dodge TEVan (one of 56 made), and the electric controller that his father helped design is in a race car in the museum at Talledega. Sears used the car to promote the DieHard battery. *(See pics on Page 8 under "Our Members and Their Cars - not always a Corvair…")*

Did you know that Chevrolet had the *Electrovair*? Yes, an electric Corvair! In 1964, Chevrolet took a Monza sedan and filled its trunk with batteries. In 1966, Chevrolet came out with the *Electrovair II* based on a 1966 Monza sport sedan.

The following is excerpted from the "Chris Happe visits GM Design" article at https://www.corvaircorsa.com/monzapr7.html

"According to the Society of Automotive Engineers (SAE) paper #670175, "Electrovair - A Battery Electric Car," the 1964 Corvair was chosen for the first conversion to an electric drive. Quoting from the SAE paper, "It was the lightest GM production car available, and its rear drive was ideal for a compact and simple motor installation. The problems encountered in Electrovair I suggested many basic improvements in the electric drive system. As a result we started on an improved motor control system. Soon it became apparent that building an entirely new car would be easier than upgrading the first car. Thus, the decision was made to build Electrovair II starting from a 1966 Corvair" . Jim Burkhard, well known Corvair owner, CORSA and Virtual Vairs Internet discussion group member, describes the SAE document as a "cool paper with lots of info on the challenges inherent with trying to make a practical electric vehicle; definitely recommended for anyone interested in the history of the vehicle." The paper is available for a small fee by requesting it by number from SAE. Contact information is available on the SAE web site: http://www.sae.org/ "

Our Members and Their Cars - not always a Corvair...

Above: Dale Graves looking over the XDH-1 at the race museum in Talladega. The car contains the power control circuitry that his father had a hand in designing.

Below: A close up look at some of the batteries used to power the XDH-1

Andria Raine - A Pictorial Member Spotlight!

Andria has been a long-time owner of Corvairs. In fact, she was driving one while in high school!

The photo below is the 1965 Corsa convertible that she drove during High School.

The next photo is of her Monza Wagon when it was new.

Andria was lucky enough to reacquire the first Corvair she owned (many years later). In the following photo, the car sits to the right of the Corsa convertible that she drove during high school and later. To the right is the wagon that replaced the Monza Wagon.

The cars are shown sitting at Hot Air Enterprises Corvair shop in Rockville MD where Jack Dempsey and David Edsinger started the business and she later worked.

The photo below is of her 1962 95 van

On the following page, we get to take a look at a couple more of the Corvairs that Andria owns- one that she has refurbished and another that is in progress.

(Continued on page 10)

(Continued from page 9)

Below is Andria's 1964 Greenbrier that she recently refurbished. Looks great, doesn't it?

Below: Andria's 1965 Monza convertible.

The next two are still in progress- Andria's 1965 Monza coupe, and below that is her 1966 Kelmark coupe.

Thanks to Andria for sharing her story for this month's Member Spotlight! If you'd like us to feature your car in the newsletter, please let Dianna know.

Editors Note: Out of respect to the author(s) for any item(s) submitted for this newsletter, I try to avoid any editing of the material. That being said, any grammatical, punctuation, and spelling errors that are found may be corrected.

Our Fall Picnic - A Pictorial

Again, many thanks to Cyndi and Bob McNamara for hosting our MMCC Picnic again this year! Fun and good times were had by all! If you missed it, here's some pictures from the event!

WELCOME

MMCC Fall Bus Event
Saturday, September 21, 2026

On Saturday, September 21st, MMCC will be having a club bus event to the Classic Auto Mall in Morgantown PA, and then a buffet lunch at the world-famous Shady Maple Smorgasbord Restaurant. The day will start at the Gettysburg Wyndham hotel at 8:00 AM, with hopes of leaving the hotel by 8:30 AM.

Our bus driver, Jeff of the Corvair Ranch, has asked that we all park our personal vehicles behind the movie theatre complex which is his bus pickup location. He will have the Wolf's 14 passenger Mercedes bus. If you are looking at the theatres from the Gateway Family Restaurant, the rear parking lot is to your right.

Our planned schedule is:

8:30-10:00 - Travel time to Classic Auto Mall, Morgantown, PA
10:00-12:00 - Visitation time at mall which closes at noon.
12:00-12:30 - Travel time to Shady Maple Restaurant
12:30-4:00 - Lunch smorgasbord and touring time at Shady Maple.
4:00-5:30 - Travel time back to Gettysburg Wyndham.

Dianna has elected to be our Shady Maple team leader. For those who wish to have the smorgasbord weekend lunch, please pay her $34.00, and she can take Zelle, Venmo, or credit card if you prefer one of those methods. If you pay by credit card, a small transaction fee will be added. If you want to pay the $50 bus fee as well, Dianna will make sure I get the payment. Otherwise, you can pay me directly for the bus.

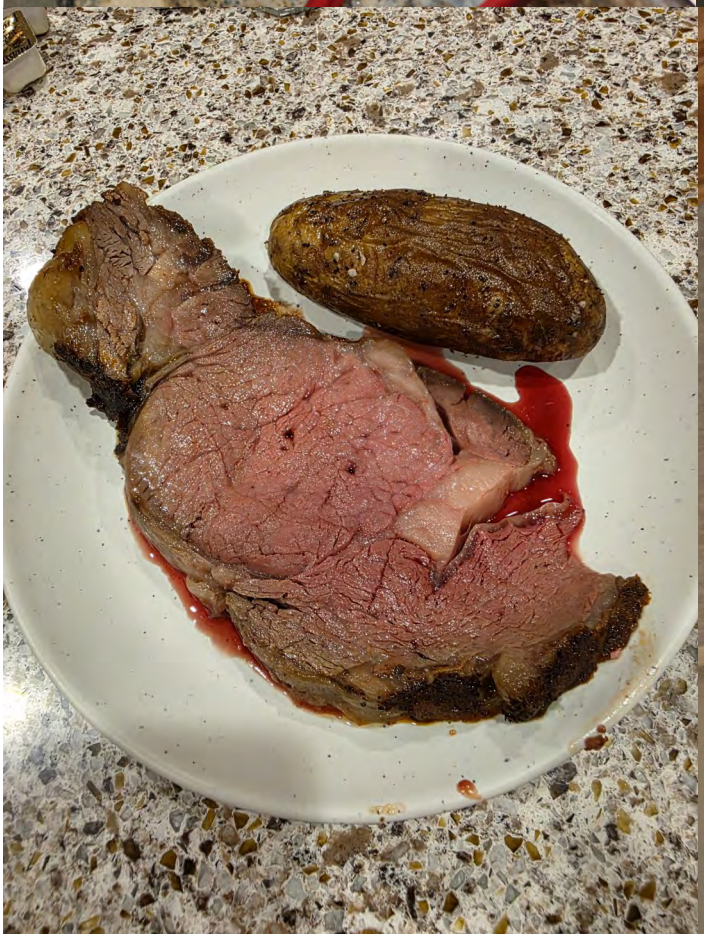

She will make our entry payment s that we can sit as a group for the buffet. Those who wish to grab a sandwich/drink at the farmer's market and tour sooner may do so. We still have five seats available if you have any relatives or friends who would like to enjoy this event with us. Please call or email me with any questions or concerns you may have. Kandy and I are looking forward to a fun day event with all of you.

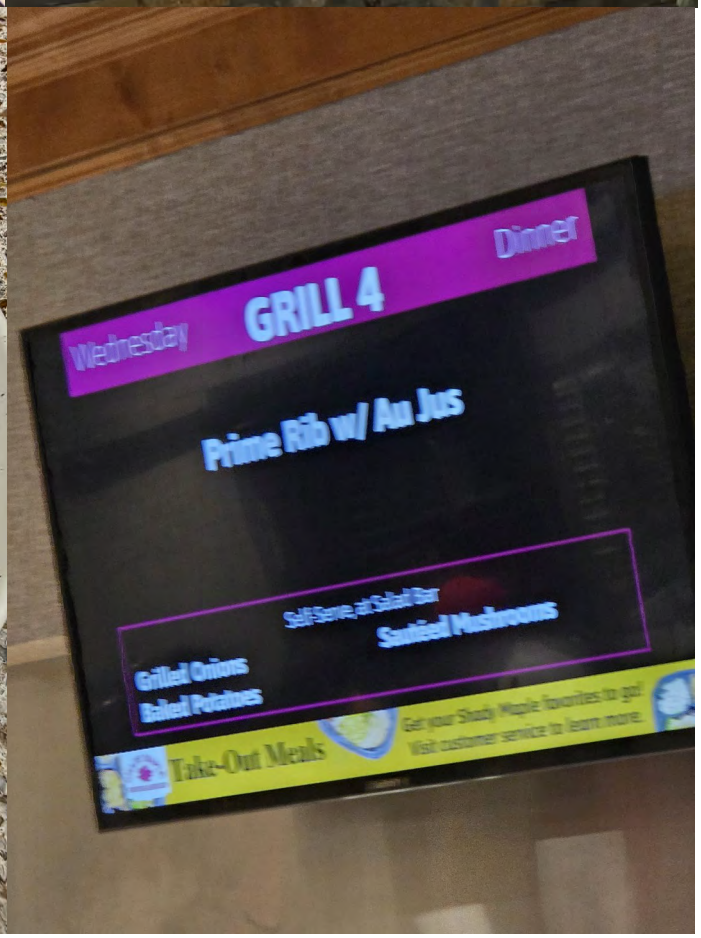

Never been to Shady Maple? There is a separate building for the Smorgasbord and Gift Shop. They can seat over 1000 people for the buffet! On the grounds there is a full market, snack bar (where you can get a sandwich and drink), a smaller gift shop, a hardware store, and a furniture store!

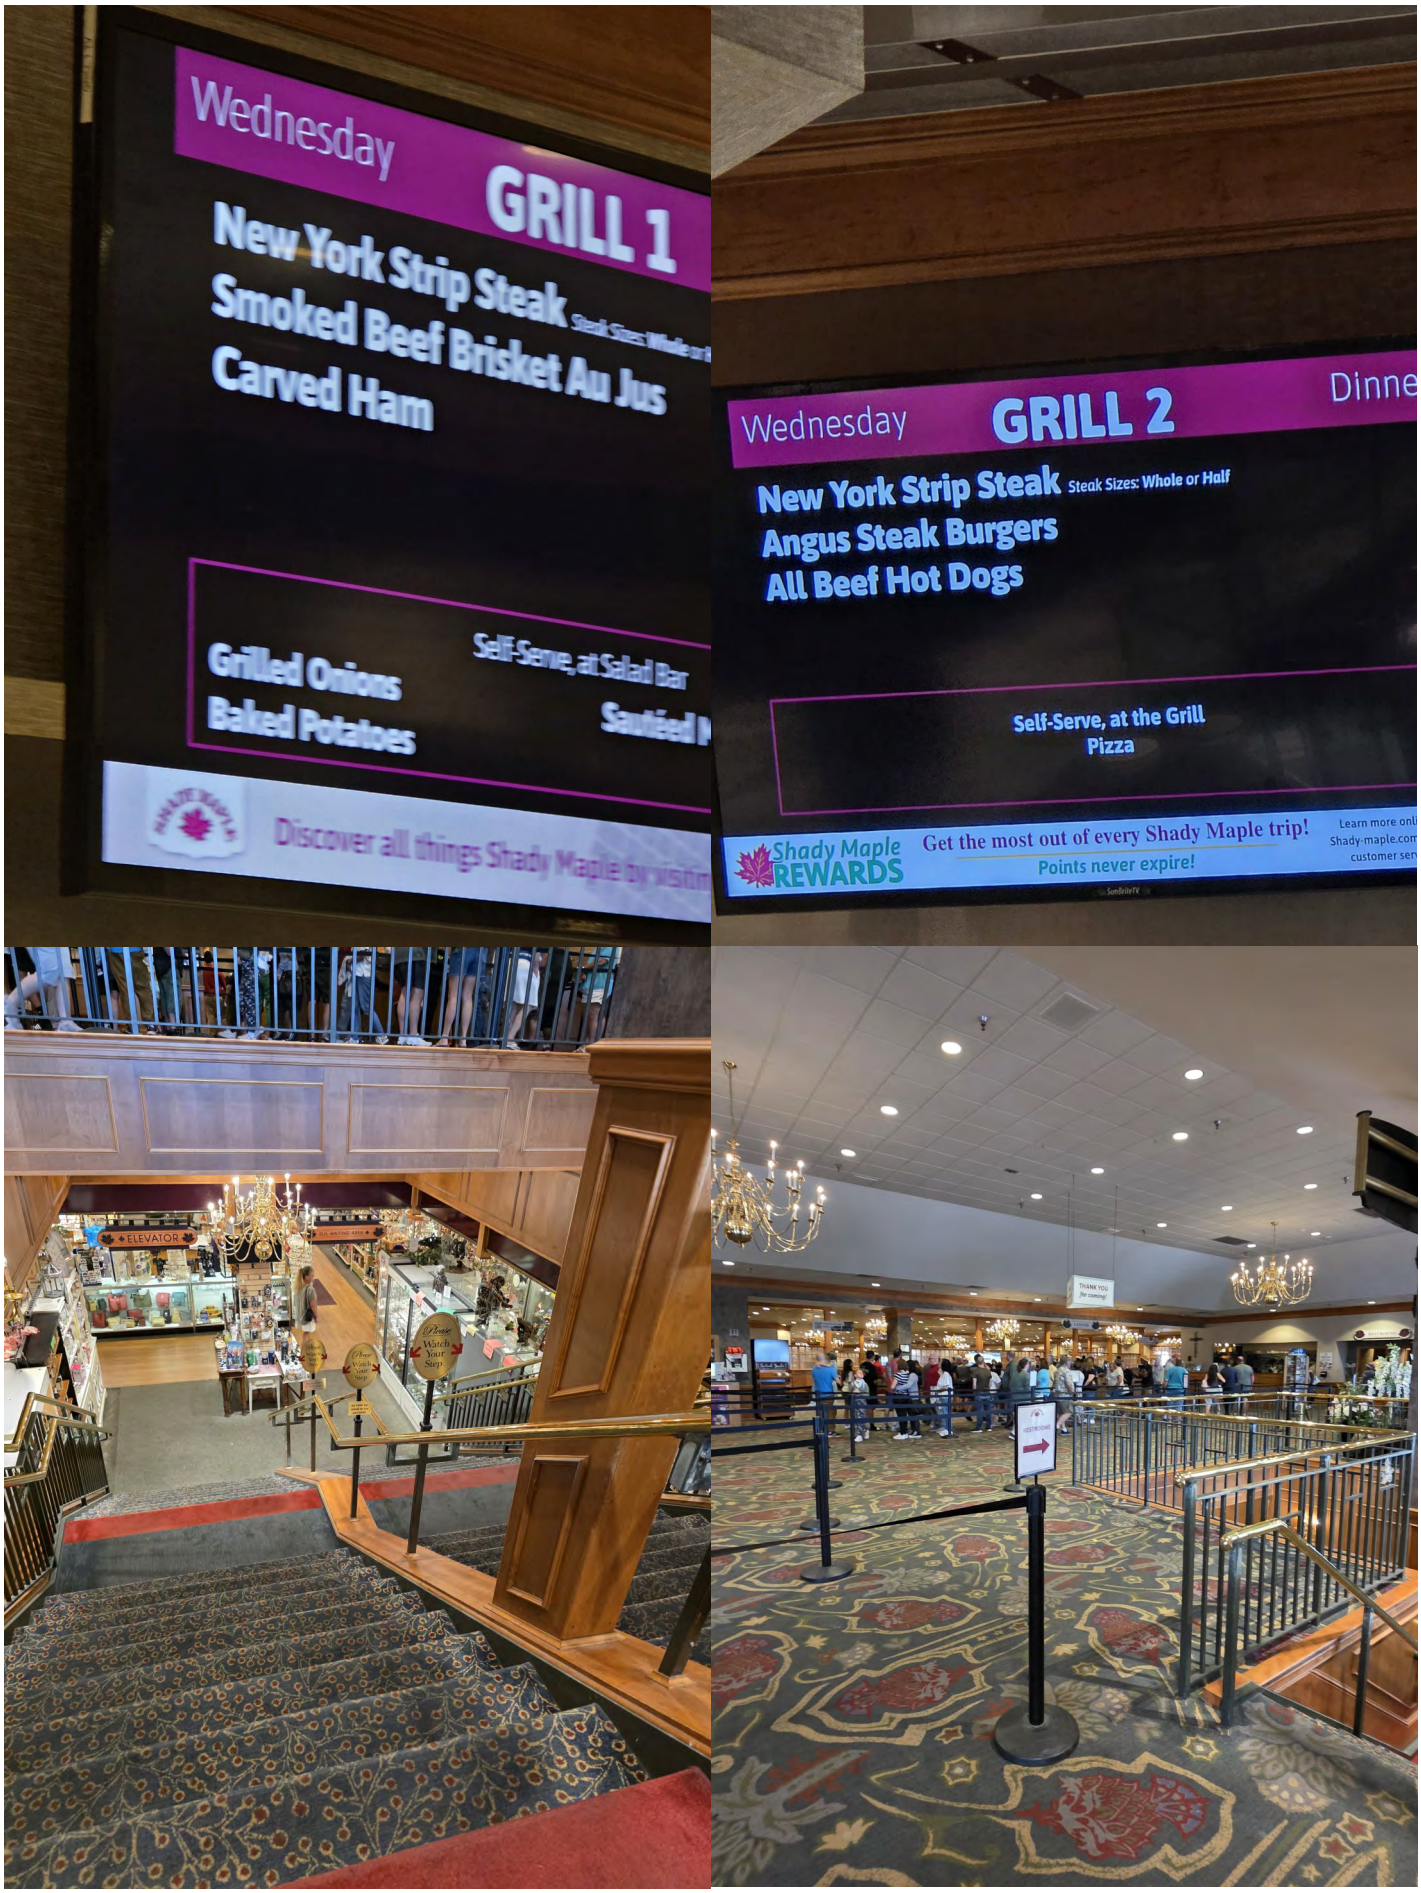

Here are a few pictures to get those mouths watering... The first few are of the buffet lines (there are several), the gift shop, and then a few of the market. While these were taken on a Wednesday night in August (rime Rib night), it is pretty consistent throughout the year. The buffet is open everyday except for Sunday.

MID-MARYLAND Corvair CLUB
FREDERICK MARYLAND

Letter From the Editor

It's been a whole year!

All of the goings-on with the CORSA Convention that we had in Gettysburg earlier this year, publication of the newsletter took a back seat. It was the November 2025 issue that was last sent out to our membership that was actually a quarterly issue for November 2025 to January 2026. Due to the lack of material for the newsletter, we're trimming to three times a year- March to June, July to October, and then November to February.

If the number of events we have or the amount of stories and material we get from our members increases, we will put out more issues per year- maybe we'll get lucky and get things back to once a month.

As noted earlier in the newsletter, we are having a bus trip up to the Classic Auto Mall and then to the world-famous Shady Maple Smorgasbord. A couple of seats are still open, so contact either Tom or myself. If you wish to pay for everything by credit card, please let me know. If you pay by credit card, we will have to add 4% to cover the processing charge.

If you pay by Zelle or Venmo, please make sure that you tag it as "paying a friend", otherwise I would receive it as a business payment with a fee taken out.

As a reminder, our MMCC Holiday Dinner will be on Sunday, January 10, 2027 at the Woodsboro American Legion. Mike Strausbough offered the American Legion location since he is a member there. Since our club just received an overage payment from CORSA in the amount of $3059.25 (convention proceeds), we will probably use a small portion of this amount toward the holiday food expense and offer our club members an expense free holiday dinner for the new year!

Have a safe and Happy Holiday Season!

Dianna Moy
