Enclosed is a multi-page inventory of Corvair parts – primarily for 1965-1969 Coupe models that I am selling.

Clark's Corvair Parts, Inc. catalog online was used as a reference source to determine part number, description, and current value. Since many of the items in this inventory are no longer stocked by Clark's as a new part (C), some have been replaced by used parts when available (CU), or substituted with NOS similar equivalents (CX), an exact comparison between my used parts and the similar part they were offering was sometimes difficult In most cases, my parts have been priced at approximately 50 percent of Clark's and, in the absence of Clark's pricing and in an effort to fairly value this collection of parts, I occasionally assigned a value to parts based on my opinion of their condition and fair market values.

In addition to these parts, I am also reluctantly selling my 1965 Madiera Maroon Coupe that was originally owned by my mother as a 500 automatic. Years ago, I converted it to a 140 4-speed and changed out the original Fawn Beige benchseat interior with the black interior of a '67 Monza. I am the second owner of this car and can attest that it has not been in an accident but it is in need of work. It is a sound project car. Pictures will be provided upon request.

While I would welcome the opportunity to sell this inventory on a piecemeal basis, I would like to disband with these parts as a lot, if possible. If you are interested, or know of anybody who is interested, please contact me on my cell at (352)-586-4753 or email me at rjpwly1972@aol.com. I am currently living in Florida and, for the right price, would be willing to meet with the buyer to exchange the inventory within a 150 mile radius of my home. Beyond this distance or for individual parts requests, shipments will be made plus freight charges.

I also have a starter, crankshaft, carb cross shafts, original dashboard radio speakers, door locks, nuts & bolts, hardware, etc. that I have yet to price and inventory. But they are available for sale. Almost all parts are clean and some have been media blasted and repainted. These parts were removed from cars during the '70s and have been stored since then. If you can't find what you need on the inventory, please call or email me. Pictures can be emailed or sent as a text, on request.

It is my hope that putting each of these individual items to use again will continue to perpetuate the life of the Chevrolet Corvair for today's hobbyist. Please forward this letter, inventory, and my name and phone number to others who may be interested.

Sincerely,

Bob

Bob Pawley
Pine Ridge, FL
