

## Trinidad, Colorado

Rocky Mountain Corsa decided to do something a bit different for the 2025 Tri-State. In the past 46 years we have visited every mountain town at least twice, some more than that. So in 2025 we selected Trinidad, Colorado to hold our annual get together. We have all passed Trinidad many times on our travels on I25

Trinidad is nestled in the heart of southern Colorado Raton Basin. It is equal distant from Denver and Santa Fe at 200 miles. It is located on the old Santa Fe Trail which provides the town a rich history of the old west.

We liked the town from the start of our scouting trip. It is motel hotel rich with a dozen places to chose from. The people we met were friendly and helpful. The town is nicely spaced and there are many sights to see and activities to enjoy. We are looking forward to hosting the 2025 Tri-State.

We are changing the dates of the Tri- State to May 30<sup>th</sup> to June 1<sup>st</sup>. This to avoid a conflict with the 2025 National Convention in San Diego.
