The Looking Glass Corvette Association was formed in 1973 as a Colorado not-for-profit organization with a multi-layered mission within the community. We are a car club, first and foremost, with our ownership of Corvettes forming a common bond. The club supports a variety of charities through direct donations and participation in fund raising activities. We also promote awareness of the Corvette, the original American sports car, while we enjoy our cars and the social activities they allow us to participate in.

BERT'S MODEL A CENTER

At Bert's Model A Ford Center, we have the most complete overall selection of Model A Parts anywhere. We stock all the new reproduction parts in our 22000 square foot warehouse, but we also stock the largest supply of original parts ANYWHERE!!!

ALL we do is Model A Fords- we don't try to sell parts for everything else. We have been located in the heart of the Denver area since 1980. We know Model A Fords! All of our employees drive and show their Model A's.
